

# STATE FROWNS ON 'AROUND SALEM' BY-PASS

## Traffic Accidents In District Take 4 Lives

### Salem Couple Killed On Rt. 14; Two Die On Rt. 62

An elderly R. D. 3, Salem, couple was killed instantly at 6:45 a. m. today when their car smashed head-on into a west-bound truck on Route 14, one-half mile west of Unity.

William A. Steele, 68, and his wife, Mattie, 63, of the Teegarden road, died of fractured skulls and the truck driver, Russell A. Stevenson, 42, of Bedford, Pa., was injured in the accident.

According to the Salem state highway patrol, the Steele car, heading east, passed another truck driven by J. W. Powell, 55, of Cleveland. They were unable to get back into the right lane soon enough and hit the approaching truck head-on.

The second car, operated by Violet Clark, 35, of R. D. 2, New Waterford, was also involved in the accident. Neither Powell or Mrs. Clark were injured.

**Enroute to Physician**  
The Steele car was completely demolished and the truck damaged.

Stevenson was brought to City hospital suffering from multiple lacerations of the mouth and face and shock.

The Steeles were pronounced dead upon arrival at City hospital. The patrol said the couple were on their way to Enon Valley when the accident occurred.

Mrs. Steele had been going to a physician in Enon Valley for several years for treatment and they had an appointment today.

**Natives of District**  
The couple had lived in the vicinity of the Highland church for 21 years. Both were members of the United Presbyterian church in Sebring and Guilford grange.

Mr. Steele had been employed at the Strong Manufacturing Co. in Sebring and operated a farm.

Mr. Steele was born in Westville, Dec. 17, 1881, the son of Jesse and Emma Morris Steele. He is survived by two daughters, Mrs. Emmett Aiken, R. D. 3, and Mrs. Raymond C. Beck, R. D. 3; a son, Clemment Steele of Westville; 13 grandchildren and a sister, Miss Orpha Steele of Sebring.

Mrs. Steele was born Oct. 11, 1887, in Garfield, the daughter of Calvin and Adora Stanley. Besides the above survivors, she has two sisters, Mrs. Azelda Wagner and Mrs. Treva Riehl, both of North Lima.

The bodies are at the Arbaugh-Pearce funeral home. Services are incomplete.

### Taft Feels Pound Devaluation Wrong

PORTSMOUTH, Sept. 28—(AP)—Sen. Robert A. Taft (R-O) believes the British devaluation of the pound will do the world economic situation more harm than good but will have no serious effects in the long run for the United States.

He expressed these views in his weekly report to Ohio voters and in a speech delivered here last night. The weekly report to voters was released in Washington.

In his report, Taft said this country has adopted a contradictory policy of encouraging the British to take foreign markets away from U. S. industries by cheapening the cost of British goods.

Taft's talk last night was based largely on his view that "the American people must reawake to the basic liberties which govern our way of life. That is the most effective way of combatting our enemies," he said.

The senator was to confer with Scioto county farmers this morning and has scheduled a luncheon with several service clubs.

He moves on to Ironton this afternoon to wind up his week's activities in his 100-day "Report to the People" tour. He will re-entrain tonight at Ashland, Ky., for Washington.

**Resume Telephone Service**  
MOUNT VERNON, Sept. 28—Full long distance telephone service was expected here today after a flash fire knocked out five of eight toll positions in the Mount Vernon Telephone Corp., switchboard yesterday.

**ALL GARMENTS RECEIVED FOR CLEANING THURS. WILL BE READY SATURDAY.**  
PARIS CLEANERS AND FUR STORAGE—PH. 3710. Ad.

Two persons were killed instantly in an auto-truck accident on Route 62, at the corner of the Leffingwell road, two miles south of Canfield, at 11:20 a. m. today.

The dead were not identified. Both were riding in the car.

The truck driver, George Kisel, 33, of Canton, was operating an Ohio Tar and Asphalt Co. truck and was headed for Youngstown to get slag. As he neared the curve at the Leffingwell road, he saw the car coming toward him on the wrong side of the road.

**Tried To Avoid Collision**

He said the left wheels of the car were off the pavement. He applied his brakes and swung to the left side of the road to avoid the collision. The car swung back, however, and the two vehicles hit almost head-on. The point of contact was the right front fender of the truck and the left front of the car.

The car had just passed another slag truck driven by George W. Kimmell, 21, of Edinburg. The crash occurred just in front of him and he pulled his truck off the right side of the road where it overturned in the ditch. He was unhurt.

Kisela suffered minor injuries to his arms and legs.

Witnesses said the car was traveling at a high rate of speed. One said he did not expect the car to get back on the road after trying to make the curve.

The occupants were unidentified.

A driver's license found in the glove compartment of the car bore the name of Frank Chuko of Struthers.

The bodies were taken to South Side hospital, Youngstown.

**Four Hurt in Collision**

An auto accident on Route 7 at the junction of Route 46, just west of Columbiana, injured four persons at 1:35 p. m. Tuesday, the state highway patrol reported.

The cars involved were driven by Andrew Ferguson, 76, of East Palestine and Russell E. Morris, 29, of Mingo Junction. The patrol said Morris drove onto Route 7 from 45, failing to yield the right-of-way, and hit the Ferguson car.

Ferguson sustained fractured ribs and nose and a passenger, Eva Peterson, 57, of East Palestine, had a fractured arm. Morris suffered a fractured collarbone and ribs and a back injury. A passenger in his car, John H. Newman, 44, of Mingo had abrasions of the face and head and contusions of the knee.

All were brought to Salem City hospital. The cars were both badly damaged.

Donald Grabel, 19, of 381 E. State st., Salem, lost control of his car on the Teegarden road, one mile east of the Depot road junction, at 8:30 p. m. Tuesday. The vehicle left the road and hurtled into the ditch.

The driver was unhurt and the damage to his car was slight.

## HIGHWAY DEPT. PROMISES TO MARK ROADS

Center-Lining Follows Protest By Columbiana County Group

LISBON, Sept. 28—Center-lining of state highways in Columbiana county was promised by officials of the state department following a recent conference in the office of Director T. J. Kauer in Columbus in which a delegation from this county protested the "hazardous and deplorable condition" of state roads in Columbiana county.

The group headed by Rep. Clarence L. Wetzel included County Commissioners Kim Crawford, John E. Smith and C. L. Robinson, and Galen Greenstein president of the Columbiana County Farm bureau, presenting petitions and resolutions of individuals and groups and showing colored movies and still photos depicting conditions of state routes in this county.

Wetzel stated "that Columbiana county, the 15th largest and 13th richest county in the state with approximately 30,000 registered vehicles is the third largest mileage county in the state but spends the least for highway maintenance of any county in the state. While other counties and Highway Divisions have the latest and most modern equipment, this county is still working with pick and shovel."

**Evidence Cited**

The group presented evidence of the lack of center-lining of highways as a safety measure and guide in fog areas, but 41 miles of 241 miles of state highways had been so marked, and lack of warning signals also was stressed along with deplorable guard rail conditions which in some instances were rotted and in various stages of decay.

Attention of the Director of Highways was also called to wages of state highway employees, Rep. Wetzel stating, road workers in this county are paid from two to six cents an hour less than other counties in the same Division, a scale which is also reflected in retirement payments when the employee becomes eligible, yet \$75,000 is returned to the department each year according to division engineers, Wetzel declared. Newer employees are paid higher wage scale than older employees, it was also charged.

Representative Wetzel declared

## POLICE PROBING HOME BURGLARY

Police were called at 2:45 p. m. Tuesday to the home of Harold Shisler of 1475 S. Lincoln ave. to investigate the burglary of the home.

The place was broken into through a basement window during the past two days and an undetermined amount of silver and bills taken from a chest of drawers. Twenty-five dollars in pennies were left in the drawer.

Shisler had left the house unoccupied. He is presently at the Mayhew Nursing home. The burglary was suspected by a neighbor, Mrs. Fred J. Smith of 1462 S. Lincoln, who saw the back door standing open.

Fred S. Smith, Centennial park custodian, reported to police the theft of two basketball hoops from a standard at the park Tuesday.

## Company Closes Plants

EAST LIVERPOOL, Sept. 28—Some 30 workers were idled when the Pittsburgh Coal Company shut down its coal washing plant at Negley, O., and ceased operating its Smiths Ferry docks on the Ohio river.

## Keener Sees Chance For Britain In World Trade

PARIS, Sept. 28 — (AP)—"Great Britain can grab the world markets now if she can only deliver the goods," Sam Keener, president of the Salem Engineering Co. of Salem, Ohio, said today.

Keener is better known as America's "uninformed traveling

## Youngster Lorain Helped Is Killed In Auto Accident

LORAIN, Sept. 28—(AP)—This steel city of some 50,000 had opened its heart to eight-year-old Eugene Johnson.

He contracted leukemia about a year ago. Doctors said he had no chance to live—unless he could be treated three times a week at the Baby's and Children's clinic of Cleveland University hospital.

When the Lorain Journal told the story, hundreds offered to help.

Every Tuesday, Thursday and Saturday, Gene and his mother, Mrs. Russell Johnson, 35, went to the hospital. Volunteer drivers took them.

The treatment helped Gene. Although still far from well, he had improved noticeably.

Yesterday they started for the Cleveland hospital again. Mrs. Mary Carter, 30, was the volunteer driver.

About six miles east of here, the car collided with another. Gene was badly hurt. Taken to St. Joseph's hospital, he made another game fight for life. This time, though, he couldn't make it. He died shortly afterwards.

The others were not injured seriously.

## Late Bulletin

MIDDLETOWN, Sept. 28—(UP)—Armco Steel Corporation today agreed to a pension plan of \$100 a month for approximately 4,500 workers in two of its plants here.

## CHURCHILL WANTS ATLEE PARTY OUSTED

Tells Commons Britains Hour "Serious, Strange" In Tuesday Talk

LONDON, Sept. 28—(AP)—Winston Churchill asked parliament today to throw out the Labor government which succeeded his own regime in 1945.

"Most of us agree that it is high time for another parliament and that all our difficulties would have a much better chance of being solved in a new house of commons," the Conservative leader declared.

Churchill opened the second day of debate in a three-way emergency session brought on by the government decision to devalue the pound.

He said Britain has reached a point which is "both serious and strange."

"Overall there looms and broods the atomic bomb which the Russian Soviet, for reasons not yet explained, have got before the British, though happily not before the Americans," Churchill said.

**Hour Is Grave**

Churchill said that what with Britain's financial crisis, the conflict between its leading parties, and now the atom bomb question, "it will be generally agreed that the hour is grave."

The government has asked for a vote of confidence.

That means the Atlee cabinet is asking "how have we done?" Churchill said, and he commented: "That is a question which the electors will have to pronounce upon at no distant date."

The Conservative counter-motion of no confidence says a return to prosperity "can never be assured under the present administration."

If it should carry—which is hardly even a possibility—tradition would require Prime Minister Atlee to dissolve his government.

Turn to CHURCHILL, Page 8

## Another Simpson To Wed Royalty

LONDON, Sept. 28—(AP)—Socialites on both sides of the Atlantic gossiped today of the announcement that a second American Mrs. Simpson would marry into the British royal court circle.

The Marquess of Milford Haven, handsome cousin of King George VI and one of Britain's most eligible bachelors, announced his engagement yesterday to Mrs. Romaine Dahlen Pierce Simpson, a New York Park avenue divorcee.

The Marquess, 30, who now makes his living selling heaters, said the wedding would be in Washington, D. C., probably in November.

**Divorced After 2 Years**

Mrs. Simpson, 26, was divorced in 1948 after two years of marriage to William A. Simpson, whose father was once president of Marshall Field and Co., Chicago department store.

The name of Milford Haven's fiancée recalled the romance of Mrs. Wallis Warfield Simpson 13 years ago when King Edward VIII—now the Duke of Windsor—gave up his throne to marry her. The two Mrs. Simpsons are not related.

Milford Haven's marriage to Mrs. Simpson will not rock the British empire in the way Edward's romance did. But it may cause some wounded hearts in London and New York society.

The Marquess, whose full name is David Michael Mountbatten, was a frequent dancing partner of Princess Margaret Rose and Sharmar Douglas, daughter of U. S. Ambassador Lewis W. Douglas. He was best man at the wedding of his cousin, Prince Philip, and Princess Elizabeth in 1947.

The future Marchioness is the daughter of Mrs. Clark McIlwaine of Washington.

## Engineer Claims Highway In City Is One Solution

A bombshell of minor proportions was tossed at a group of 30 Salem officials Tuesday night by the state highway department, with the result that the proposed north traffic by-pass, planned loosely for a year, may be abandoned.

The department, instead, suggested that the new highway—which is to alleviate local traffic congestion—be built within the city.

In making the suggestion, the department also made way for the first concrete step in meeting the problem in a year and a half of negotiations. The proposal made was given a tentative approval by the Salem group, which included city officials, council members, planning commission and Civic committee.

The department offered to pay half the cost of a traffic survey by a qualified traffic engineer. The cost of such a move was estimated between \$12,000 and \$15,000. The state offered to put up \$7,000 to match a like amount by the city to pay for the survey.

Salem spokesman, Harry Vincent, council president, accepted the proposal, after considerable discussion. However, formal acceptance by council will follow the approval of the various other civic groups interested.

**Emphasizes "Plan" Idea**  
"We need a plan," the group was told by District Engineer Jack Kimball. "You all know Salem has a bad traffic problem and not much has been done about it. We've had several meetings since mid-1948 and conducted a survey of the traffic through Salem."

"However," he continued, "we are not much farther along than we were a year ago. When we were told by George Chappell (chairman of the council safety committee) that the city might hire an engineer to make a survey, we decided to help."

Kimball then proposed that the state pay half the cost of the engineering survey with the city paying the other half.

"Then we can get down to brass tacks and get somewhere," he said.

Kimball said an outside engineer will be at an advantage over a local man. He won't be known here, won't be influenced by any local factors, and will come up with the best plan for the city.

"We must have a plan to present to the state to get this project done. You must have a plan in order to go ahead, even if there are no funds available at the moment. The money will become available later on and you'll be ready with your plan. It's the cities with definite programs that are getting the money from the government."

**Must Be Convinced**  
The Public Roads administration, in order to allot money, must be convinced that the plan will solve Salem's problems for 25 to 30 years, the engineer pointed out.

Kimball threw his bombshell at the proposed north bypass last night, when he said that wouldn't help the local problems any. He said he thought the road should go through the city and suggested a northerly route, just inside the city limits.

"Your out-of-town bypass will Turn to ENGINEER, Page 8

**Strike Fails To Halt Strip Mining Operations**

Columbiana county's extensive strip mining operations are continuing despite the coal mine tie-up.

Sheriff Howard Clark said no pickets have appeared at any of the pits so far. Most of this county's stripped coal goes to Akron and Youngstown for industrial purposes.

**Announce Milk Increase**  
CLEVELAND, Sept. 28—The Telling Belle-Vernon Co., announced last night an increase of one cent in the price of a quart of milk, effective Saturday. The new price will be 18 cents. The company blamed increased prices paid farmers and higher labor and operating costs in addition to a boost in commissions paid to drivers.

## Salvage Mission At Lake Success

Not the least of the repercussions following that momentous explosion somewhere inside the Soviet Union is a revival of interest in the United Nations. The reminder that all mankind is destined to share the same boat as far as nuclear fission is concerned has steered attention back to the frail craft pitching and tossing on Lake Success.

Brig. Gen. Carlos P. Romulo, now the president of the United Nations general assembly, acknowledged this at the recent U. N. festival at Rockefeller center. He declared that while the U. N. had not brought peace among the great powers it had made it possible for them to keep contact with one another. Events, he pointed out, had demonstrated the necessity of what formerly was only the theory of cooperative security. "So great and so pressing has the world's need for the United Nations become," he asserted, "that if it were nonexistent today we would find ourselves compelled to create it or something like it. For within the precincts of the United Nations, and so long as it stands, there will always remain the possibility of conciliation, compromise and final agreement."

The hope which was implicit in the United Nations as far back as the Dumbarton Oaks conference in 1944 is still intact, dimmed only by events which are not necessarily conclusive. It is the hope that political leaders of the various states may be able to develop the working terms of an international society, as the only alternative to international chaos and violence. The hope assumes that there are no irreconcilable differences between people; that the common aspirations of great numbers of human beings somehow may be fulfilled in preference to fulfilling the narrow aspirations of individuals who assume the right to represent (and to misrepresent) various nationality groups.

This hope has been frustrated for the most part in the United Nations by the obstruction of spokesmen for Russia. It has been tempting to abandon the theory and the practice of cooperative security because of the defection of one nationality group. But even the Russian delegations in the United Nations meetings are not beyond changes of heart and mind. Their words will be listened to closely in the months ahead for some sign of recognition that the frail craft at Lake Success must be kept afloat for the security of all its passengers including Russians.

## Punishment For Opponents

There is a rush among members of the house of representatives to draw assignments on a special committee to investigate lobbies.

This is comparable in political circles in Washington to a chance for rabbits to investigate lettuce. Nothing is quite so juicy as the theory and practice of lobbies in a representative democracy. There will be one aspect of the forthcoming investigation, however, which may take away some of its savor. This is an investigation with a specific purpose—and the purpose is not to find the truth and the whole truth about lobbies.

It is, rather, to create a distraction which will draw public attention away from such antics as were revealed when a senate committee looked into the affairs of Gen. Vaughan and his cronies. That was bad for Democrats.

The house lobby investigation is expected to be under Democratic control. The committee will have a Democratic majority, which will decide what is to be investigated and how the investigation is to proceed. It will have the nod of favor from President Truman, who said some months ago that lobbies were good and bad; that the good lobbies were for you and the bad ones against you.

In short, this will be a selective investigation. Some lobbies will be looked into closely. Others won't be looked into at all. The ones that disagree with the Truman administration are in for a hard time. The ones that agree will be blessed and sent on their way rejoicing. That's the way the government is being run—to reward its friends and punish its opponents.

## A Fresh Start

Along with a new automobile for himself and bicycles and scooters for his children, Charley Lupica, the famed pole-sitter of Cleveland, feels that his 117 days off the ground gave him a fresh start in life. Because millions wish this could happen to them—a fresh start in life—it's likely that some of them may sit on top of poles, following Lupica's example. For those who get dizzy, there's the ground. They can be buried alive. Others may be more inclined to draw attention to themselves by sitting in trees, another form of self-exploitation that has been tried. In the meantime, we like a report that a man looking for a fresh start appeared on the street recently encased in a sandwich board which announced fore and aft: I want a job. Since he hasn't appeared since, he must have got it. That was a lot easier than sitting on a pole for 117 days—less overhead.

## FROM THE NEWS FILES

Forty Years Ago

Sept. 28, 1909

Miss Lucy Hopkins, who has been spending her vacation with her parents, Mr. and Mrs. J. H. Hopkins of Tenth st., has left for Seattle, Wash., where she is located. She is a traveling secretary of the Y. W. C. A. of the northwest.

Employees of the Klein & Heffelman store received a card Tuesday from Mr. and Mrs. R. W. Kincaide stating that they had left Cleveland Monday for Detroit. Mr. Kincaide is the manager of the store.

Mrs. Michael Fleck and Mrs. Norman Reich

left yesterday for Columbus, where they will visit at week or ten days.

Misses Mary Anderson and Rose Mullins went to Cleveland Wednesday to spend the day.

Miss Anna Fisher returned to her home in Mansfield after a week visit at the home of Mr. and Mrs. W. J. Matthews of Garfield ave.

Paul Ingram, who has been off duty several weeks on account of typhoid fever, returned to his job Wednesday at the Wells-Fargo office.

Dr. H. W. Thompson was in Lisbon Tuesday where he operated on John Sultner for the removal of a cataract from his eye. Mr. Sultner has been gradually losing the sight of his eye for a year.

## Thirty Years Ago

Sept. 28, 1919

The warden of the Ohio penitentiary will present a new plan when the state legislature reconvenes to reduce the large number of automobile thefts. The plan would provide for a system of ownership cards bearing the serial number of the engine, description of the car and the car owner and gasoline would be sold only to holders of the cards.

The Salem Welding, Brazing and Cutting company opened its shop today in the J. B. Kay building on Penn st. This is just a temporary location until the new structure on the north side of the old Globe site is completed.

On S. Lundy st., Alexander Chalfant has opened an auto sales service shop and will have the agency for the Cole Aero-Eight and the Hupmobile machines.

Miss Rena Pottorf has gone to Niles to accept a position as drawing supervisor of the public schools.

Mr. and Mrs. G. W. Crawford, Mr. and Mrs. Charles Crawford and daughter, Evelyn, Mr. and Mrs. Frank Scullion, Mr. and Mrs. Newton Ingledue and Mr. and Mrs. Archie Ingledue and baby were among the guests at the home of Mr. and Mrs. N. T. Beckert in Alliance Saturday when they celebrated their 25th wedding anniversary.

Misses Enid and Thelma Kilbreath motored to Youngstown yesterday.

## Twenty Years Ago

Sept. 28, 1929

Arthur Yengling has returned to Boston where he is a student at the Harvard Medical school.

Miss Helen Shelton and Miss Pauline Ingram left Saturday for Athens where they will attend Ohio university.

Miss Rhea Leipper will be in charge of Troop 6, Girl Scouts, during the absence of Miss Theodora Kloha, who left Friday for New York city where she will attend Columbia university. New patrol leaders of the troop are Marjorie Hostetter, Albertina Krauss, Louise Hixenbaugh and Margaret Moff.

Mrs. E. E. Apple, Garfield ave., left Monday for Logan where she will represent Friendship temple, Pythian Sisters, at the annual state convention.

New officers elected at a meeting of the King's Heralds of the M. E. church are: President, Betty Lee Kenneweg; vice president, Christina Robinson; secretary, Dorothy McConner; assistant secretary, Virginia Ritchey; treasurer, Mary Leasure; retire box secretary, Evalyn Ritchey.

A blood transfusion was made Monday in a desperate effort to save the life of Miller Huggins, manager of the New York Yankees. His affliction had its origin in a boil upon his face.

Rev. Sidney Mayer of Clyde, who has accepted the pastorate of the Methodist church, preached at the Sunday services.

## THE STARS SAY:

For Thursday, September 29

By GENEVIEVE KEMBLE

IT might be well to be prepared for whatever may come in a clattering crash, dramatic, startling and with whirlwind force. The home may come clattering down without warning or admonition, smashing plans, preparation and possibly structures already well on the way to spectacular conclusions. Broken bonds or ties of every kind, misunderstandings, estrangements, disasters, unexpected developments or calamities may disrupt existing status or hopes. Being prepared for the unexpected and unpredictable may assist to "take it."

## For The Birthday

Those whose birthday it is, are warned that it might take the edge off sudden developments, if prepared for crashes, separations or other spectacular turn of events, with plans, hopes and foundations tumbling down, with radical and far-reaching consequence. To "expect the unexpected" is a formula that may give courage to accept the prospect with equanimity, postponing whatever is possible, with assurance that "this too must pass away."

A child born on this day may have a rather uncertain life, with frequent upset of plans, residence and associations.

## ONE MAN'S OPINION

By WALTER KIERNAN

It's nice to know that the national free style clam eating championship was held as usual despite the atomic news from Russia.

Although the man who swallowed clams, one every four seconds for 20 minutes, may have been influenced by the news to gulp faster than his previous best time.

There was a report that one man following the atom story developments swallowed 20 clams with the shells on and wasn't even in the contest... just nervous.

National girl's sweater week also is being observed on schedule and any foreign power that wants to frighten us this week first has to get our attention.

I see Britain is going to make some atom bombs but that shouldn't frighten anyone... it's not the making but the distribution that counts and the labor government has been weak on distributing anything.

It was not the intention to frighten us with the atom story anyway but it made a nice filler on a day when there was nothing to report on steel, coal or motors.

At the end of every divorce wave a "who's whose" should be published.

## Guarding Your Health

By DR. HERMAN BUNDESON

WHEN any part of the body is infected with germs, there is always danger that these germs or their poisons may be carried by the blood to other parts of the body where they may do infinitely more harm than in their original location.

In young persons, the most common site of such infections is the tonsils, and in the older persons, the teeth. Such a focus of infection may also be located in the sinuses connected with the nose, in structures connected with the urinary tract, the gallbladder or the appendix. The germs usually responsible are streptococcus or staphylococcus or pneumococcus.

## Manifold Effects

These foci of infection may have manifold effects. It is thought that they play a part in the production of arthritis or inflammation of the joints, in neuralgia of the face and arms, muscle inflammation, kidney inflammation, disturbances of the eyes, a skin disease called erythema nodosum, and blood clot formations in the veins. In persons suffering from these disorders, a search should be made for such foci of infection, which, if found, should be eliminated, either by medical treatment or by operation when necessary.

So many older persons have retractions of the gums, pockets around the teeth, and fragments of roots of teeth, that it is important in the disorders mentioned that the teeth be given

careful study. If any are found which could be a source of infection, they should be removed. It is true that many apparently healthy persons have teeth infections which for long periods do not seem to produce any ill effects. Nevertheless, any tooth which is questionably or definitely involved should be taken out.

## Infected Teeth

The dangers of extraction of infected teeth have been largely eliminated through the use of the sulfonamide drugs and penicillin prior to the extraction.

However, these operations are usually not advisable during the poliomyelitis season because of the danger of a severe form of the disease developing.

Of course no tooth should be needlessly sacrificed, but since infected teeth may cause serious damage to vital structures, there should be no hesitancy in eliminating them.

## QUESTIONS AND ANSWERS

J. J.: How can I get rid of a large roll of fat on my abdomen that developed after the birth of my baby?

Answer: Getting rid of the excess fat would require a reducing diet. Exercises for strengthening the muscles of the abdomen might be helpful.

## Agent Resigns

WARREN, Sept. 28—Michael J. Delbane, agent-in-charge of state liquor department enforcement in the Toledo district, re-

signed yesterday as chairman of the Trumbull county board of elections. He said pressure of his liquor department duties prompted his resignation.

# SENATE TURNS TO INCREASES IN TOP SPOTS

## Feeling Not Warm After Military Hike; May Meet Opposition

WASHINGTON, Sept. 28 — (AP)—The senate, having agreed to raises in military pay, turns most critically to President Truman's idea of boosting salaries for top federal executives.

A house-passed bill increasing the pay of cabinet members and other upper-bracket officials is the next major legislation on the senate schedule. It was listed for action late in the day after some other matters are disposed of.

It follows in the wake of senate passage by voice vote late Monday of a bill giving pay raises to members of the armed forces in almost every grade at a cost of about \$300,000,000 annually.

### Passed House

A similar military pay bill passed the house earlier. House and senate conferees now will attempt to iron out the differences, which are minor. Raises in the senate bill range from about \$5 a month for recruits with five months' service to \$300 and up for generals with over 30 years' service.

Much more controversy has developed over the executive pay bill, for which Truman made another plea yesterday in a letter to Vice President Barkley.

After a huddle of senators in the office of Democratic Leader Lucas of Illinois, Senator McFarland (D-Ariz.) said that 34 senators—20 Democrats and 14 Republicans—have offered a compromise which "is being accepted." McFarland is leader of a group which wants to scale down the pay raises Truman asked.

McFarland said that under the compromise no government officials except cabinet members and a few White House aides would have their pay raised \$15,000 and none would receive more than a 50 per cent increase.

For cabinet members, that would mean boost in pay from \$15,000 to \$22,500 instead of the \$25,000 provided in the pending presidentially backed bill.

### Would Cut Salaries

McFarland said the compromise also would cut the \$16,000 salary provided in the bill for seven White House assistants to \$15,000. But the President would be allowed to employ two at \$2,000 and three at \$18,000.

At present the White House salary scale for presidential assistants ranges from \$10,000 to a top, for one position, of \$15,000. Clark M. Clifford, special coun-

Olin Armstrong of Whittier, Calif., left Tuesday for an eastern trip. They plan to visit Dr. and Mrs. James Taylor of Aurora, N. Y., then go to Niagara Falls and Canada and return home by the New England states and New York.

Mr. and Mrs. B. E. Cameron and guests, Mr. and Mrs. Olin Armstrong of Whittier, Calif., were entertained at dinner Thursday evening by Mr. and Mrs. L. M. Harlan of Alliance and Friday by Mr. and Mrs. C. T. Shreve.

Mr. and Mrs. John Eckenrode were recent dinner guests of their son-in-law and daughter, Mr. and Mrs. Wayne Jenkins of Alliance.

### Sunday Guests

Mr. and Mrs. L. G. Spencer and daughter, Olive, in company with Mr. and Mrs. Leonard Spencer and daughter of Ellsworth, were recent guests of Mr. and Mrs. Claremont Terrell of Akron.

Mr. and Mrs. Leon Force are the parents of a son born at the Salem Central clinic Saturday morning. The baby has been named James William.

Mr. and Mrs. M. F. Griffith returned from a recent visit with relatives in East Palestine, Beaver Falls and Pittsburgh.

H. W. Simpson is visiting relatives in Marion, Mt. Glead and Larue for two weeks.

### Return To College

Floyd Stanley and Russell Stryfeler went to Columbus Monday to resume their studies at Ohio State University. Floyd's father, Merlin Stanley, took them to Columbus.

Mr. and Mrs. George Bailey went to Columbus last week where he will be a student in Ohio State University.

Mr. and Mrs. Charles Hoffman, Mr. and Mrs. Verne Mercer, Mr. and Mrs. Lester Ramsayer, Mr. and Mrs. William Stryfeler and Mr. and Mrs. David Batzli attended the homecoming of the Bethel Reformed church at East Beech Sunday.

Mr. and Mrs. Floyd Caleb of Buffalo, N. Y., are visiting Mr. and Mrs. Homer Stanley and Mr. and Mrs. Allen Stanley. Other visitors Sunday were Mr. and Mrs. Harold Schumacher and children, Miss Mary Schaub and Herman Frank of Louisville and Miss Velma Schaub.

### Call On Friends

Mrs. Lorin Beck and Mrs. James Hinkel of Salem called on Mr. and Mrs. William Greeneisen Sunday.

Mr. and Mrs. B. E. Cameron, in company with Mr. and Mrs.

# SEE INCREASED MILK PRODUCTION

## 1948 Totals to be Exceeded Agriculture Department Predicts Today

WASHINGTON, Sept. 28 — (INS)—The Department of Agriculture predicts that total milk output for 1949 will be about 117 million pounds, as compared to 115.5 million pounds last year.

Despite this increase, the department forecasts a rise in retail prices of dairy products in the next few months, basing its forecast on a "seasonably smaller output."

The new price boosts, the department said, will not be enough to raise prices to the highs reached in 1948.

The department reports that about 92 million dollars in price support this year has helped to keep retail prices rising since mid-summer. Purchases included 70 million pounds of butter, 332 million pounds of powdered skim milk, and 23 million pounds of cheese.

The differential between eastern and Wisconsin prices for milk was hit by Rep. Murray (R) of Wisconsin of Capitol Hill.

Rep. Murray said that around New York farmers get \$5.10 a hundred pounds for milk and in Wisconsin only \$2.80.

He demanded that the District

of Columbia loosen up its sanitary regulations of milk and allow it to be brought in from any state, Wisconsin included. At present district laws require that milk sold in Washington be shipped only from nearby states, except in times of shortage.

Rep. Murray said:

"Why get so sanitary and erect local trade barriers to keep out milk? There's one exception—in dry weather, when there's a milk shortage, our milk becomes sanitary and tastes good in Washington."

The Agriculture department reports that an additional 16,466 bales of early 1949-crop cotton were placed under price support loans during the week ended last Sept. 15.

This brought the total volume of 1949 cotton mortgaged to the government so far to 20,959 bales.

Still on the same subject, the department said that unused cotton in the U. S. last August 1 averaged longer in staple than any in American history. The quality of the carryover cotton also was reported as the highest since pre-war 1941.

The cotton carryover on last Aug. 1 totaled 5 million, 300 thousand bales, about 72 per cent of which was in government hands. The cotton carryover for next Aug. 1 is tentatively estimated at about 7 million, 600 thousand bales.

Meanwhile, the rural electrifica-

tion administration granted the largest single loan in its 14-year history—a credit of 14,320,000 to the old dominion power cooperative of Chase City, Va.

REA said that the credit will be used to transmit low-cost hydroelectric power from government-built dams to 80,000 rural families in Virginia.

The department also announced that it has purchased 639,250 cases of canned tomatoes, costing in the neighborhood of two million dollars, for its school lunch programs.

The tomatoes will be delivered to the government between next Oct. 16 and Dec. 31.

### Station To Be Repaired

ALLIANCE, Sept. 28—According to F. D. Fuchs, general superintendent of the eastern Ohio division of the Pennsylvania railroad, the station here will be repaired rather than rebuilt.

## Garden Study Club Elects New Officers

Adversified business and social program interested 28 members and four guests of the Garden Study club meeting Monday evening at the home of Mrs. Martin Lee Roth on Newgarden st. Mrs. Wallace Duncan was chosen president of the organization for the coming year, while first, second and third vice presidents are Mrs. Herbert Yengling, Mrs. Louis Weirick and Mrs. Donald Aubill.

### Elected Secretary

Mrs. Kenneth McClaskey is the new secretary, assisted by Mrs. Lee Christen. Mrs. Fred Koenreich is assistant to the treasurer, Mrs. Roth.

Committees appointed by Mrs. Duncan included: Program, chairman, Mrs. Roth, Mrs. Clyde McFeely, Mrs. Vernon Broomall, Mrs. McClaskey, Mrs. Hilles Linton and Mrs. Aubill; hostess, Mrs. Ernest Horton and Mrs. Koenreich.

A highlight of the meeting was the flower show participated in by the members. After the business session the arrangements were commented upon and Mrs. John Smeltz and Mrs. Ray Cuthbert of the Salem Garden club judged the show.

### Women Win Awards

First awards in the mantel entries went to Mrs. McFeely and Mrs. Christen; second, Mrs. Yengling and Mrs. Aubill. Other winners were: Dining table, second, Mrs. McFeely; coffee table, first, Mrs. Charles Matvevi and second, Mrs. Roth; miniatures, first, Mrs.

Russell Moore and second, Mrs. Hilliard.

As in the Garden show last year, Mrs. McFeely took the "best of show" for her dahlia blossoms. Mrs. Leonard Hoppes read an article from Garden Greetings and Mrs. McFeely presented garden tips.

A movie resume of her recent trip to Europe was given by Mrs. Moore. The meeting was concluded with lunch served by the hostess, assisted by Mrs. William Mackey and Mrs. Rex Hundertmark.

Mrs. Linton will entertain at the next meeting Oct. 31, at her home on Perry st.

### Couple's Engagement Is Announced

Mr. and Mrs. John Meissner of R. D. 1, Salem, announce the engagement of their daughter, Margaret Marie, to Cardini Sabatino, son of Angelo Sabatino of Summitville.

Miss Meissner graduate of Goshen High school is employed by the Merit Shoe Co.

Mr. Sabatino graduated from the Salineville High school. He is employed by the Mullins Mfg. Corp.

No date has been set for the wedding.

### V. F. W. Auxiliary Adds Seven New Members

Seven applications for membership were accepted at the Monday evening session of Gold Star auxiliary, Veterans of Foreign Wars, in the hall.

Concluding the social period, lunch was served by Mrs. Keith Dole and Mrs. Clyde Risbeck.

Mrs. Clyde Arthur will head the social committee for a public party at 8 tonight in the hall.

The next meeting is Oct. 10. Mrs. Arthur and Mrs. John Riley compose the October lunch committee.

### Teen Timers Meet

Teen Timers were guests of Joyce Cosgrove Tuesday evening at her home, W. Pershing st. Ten members attended. President Anna Schaefer officiated. Refreshments were served by the hostess and her mother, Mrs. John Cosgrove.

The Oct. 11 meeting will be with Gretchen Bodendorfer of Franklin st.

James Primm, Jack and William Rance and David Frantz have returned to Columbus to resume their studies at Ohio State university.

Mrs. Christie Hanson of Franklin st. is home from a three-week visit with relatives and friends in Mansfield, Tiffin and Port Clinton.

## Wonderful One-Yard Patterns

Anne Adams

Anne Adams

### WONDERFUL 1-YD. PATTERNS

Well, ANNE ADAMS has solved your problem for you by designing one-yard patterns that will help to make you a well-dressed woman about town and keep you well within your budget, too.

Just buy a single yard of that fascinating 54-inch fabric that

tempts you and one of the patterns shown here—and presto!—a new skirt or blouse! Or better, make both.

Send 25 CENTS in coins for each pattern to ANNE ADAMS, care of The Salem News.

Pattern Dept., 243 West 17th st., New York 11, New York. Print plainly name, address with size and style number.

NEW—our ANNE ADAMS Fall and Winter Pattern book. Free pattern of a hat, a close-fitting helmet, is printed in the book. Send 15 cents more for your copy today.

## Infant Has Eight Grandmothers

When DeOrla Boyle, daughter of Mr. and Mrs. Vernon Boyle of Hanover, was born Sept. 14, she found herself rich in relatives.

The fifth generation in both her father's and mother's families, she was welcomed by eight grandmothers. Her great-great-grandmothers are Mrs. Charles Miller of R. D. Lisbon, and Mrs. Rosetta Denny of Damascus.

Four great grandmothers are Mrs. Charles Bennington of Liberty st.; Mrs. Roy Votaw and Mrs. Olive Boyle of R. D. Salem, and Mrs. John Anderson of R. D. Lisbon.

Grandmothers are Mrs. Clyde Boyle of R. D. Salem, and Mrs. Lloyd Anderson of Hanover. Sharing grandmothers with DeOrla, is a brother, Vernon Eugene, 13 months old.

### To Hold Wiener Roast

A wiener roast is planned to follow a meeting of Xi Pi chapter, Beta Sigma Phi sorority, at 8 p. m. Thursday in the home of Mrs. Carl McQuilkin on Summit st.

### Berean Class to Meet

Members of the Berean class of the First Friends church, taught by Mrs. Raymond Roher, will meet at 8 p. m. Thursday in the home of Mr. and Mrs. Kenneth Howells, R. D. 2, Salem.

Mrs. J. A. Fehr of E. Third st., left today for Grand Rapids, Mich., where she will attend the national convention of the Woman's Missionary society of the United Lutheran church. Mrs. Fehr is president of the Ohio synod.

Nathan Bahm, son of Mr. and Mrs. Emil Bahm of W. Tenth st., has returned to the University of Pittsburgh for his senior year. He is a member of Sigma Alpha Mu fraternity.

## PBW Club Hears Talk On Grooming

Mrs. Louis Sontag of Youngstown explained the art of being well dressed to members of the Business and Professional Women's club at a dinner meeting Monday evening in the Blue room of the Metzger hotel. Her theme was, "Personality Fashions."

Table decorations were arranged by Mrs. James Rawsthorne. Places were set for 25 members and six guests.

Miss Ruth Cosgrove, president, and Mrs. Harry O'Keefe were in charge of dinner arrangements.

Two new members were welcomed. Mrs. Harold Babb in the Slippery Seven band, which offered novelty numbers enthusiastically received by the women.

The Salem club is sponsoring the new Sebring club, which was organized at a meeting Sunday afternoon in the home of Mrs. Betty Hotchkiss, with 10 members. Mrs. Helen Biggers of Youngstown, director of District 4, officiated. This makes the 19th club in the district.

Miss Cosgrove, Miss Helene Prudner, Mrs. Karl Bonfert and Mrs. Margaret Lamontcha represented the club at this meeting. Charter for the new club is still open.

The club's official magazine, "Independent Woman," will be placed in the public library.

Board of directors will meet Monday evening, Oct. 17, at the home of Miss Cosgrove, Cleveland st.

A meeting Monday evening, Oct. 31, will be in the Blue room at the Metzger.

### 6 District People Go To Sesqui-Centennial

Mr. and Mrs. J. J. Rea, S. H. Rea, Mrs. Harry Coburn and Mrs. John E. McConner of Salem and Mrs. W. E. Walker of Atwater attended the Sesqui-centennial of the Slatelick, Pa. Presbyterian church last weekend.

The group attended this church in their childhood. Their great-grandfathers, Rea and Brown, were instrumental in organizing the church. The homecoming dinner was on Saturday.

Mr. and Mrs. William K. Gibson of Youngstown, formerly of Salem, have purchased a ranch in New Mexico and are building a home there. The Gibsons do not plan to go to their new home until early summer next year. He returned from a trip there Monday night.

Miss Jackie Jensen of S. Lincoln ave. began her senior year at Ohio State university this week. Miss Virginia Jugastru of S. Lincoln ave. has gone back for her sophomore year.

## Social Situations

**SITUATION:** You are waiting in a doctor's reception room.

**WRONG WAY:** In an effort to pass the time, strike up a conversation with the person nearest you.

**RIGHT WAY:** Read a magazine if you must be entertained, for the person who happens to be seated next to you may be in no mood to make conversation with a stranger.

## Rare Tree Found On Farm Near Leetonia

Sorbus americana, variety scopulina, rare tree in northeastern Ohio has been found on the Herman Swope farm, R. D. 2, Leetonia.

Sorbus americana is the American Mountainash, common in Ohio but the variety scopulina, unlike the other does not have the characteristic red berries. This tree is about nine inches through the trunk and stands 30 feet high with smooth, gray bark. It is unusual to find this tree growing wild in Columbiana county.

F. W. Dean, state extension forester at Wooster, identified the tree, said Herbert F. Maturen, county forester.

Wilmer Swope has some redwood seedlings grown from the seed. Nature has many tricks up her sleeve when you start searching the woods and that is what gives nature study the zest and inspiration for those that make it a hobby or a life study, Maturen declares.

## Georgetown Legion Installs Officers

NORTH GEORGETOWN, Sept. 28—Charles Gottardi of Homeworth heads the list of new officers of the American Legion George D. Worth post, who were recently elected and installed at the Lake Placencia post home.

Robert Hahn is first vice commander; Eldon Kerr, second vice commander; Dwight Bush, third vice commander; Robert Pickens, adjutant; Floyd Sanor, treasurer; Rev. Edward Wagner, chaplain; John Pickens, historian; Jerry Crum, sergeant at arms; Norman Morris, service officer; and Jay Barnett, child welfare officer.

H. E. Zepernick of Salem, commander of the 10th district, was the installing officer. He lauded the work of the retiring officers for the accomplishments of the past year. The George D. Worth post led the 10th district with the largest percent of quota membership with 299 per cent.

Commander Gottardi served overseas in the Pacific theater as a gunnery sergeant in Battery C of the 135th Field Artillery battalion. He attended Alliance

High school where he was an outstanding guard on the football team. He was an All-State guard in 1938.

He is now employed by the Knox township board of education as a school bus operator. He is married and has one child. He makes his home with his parents just north of Homeworth where they operate a large farm.

An easy way to frost a chocolate cake is to sprinkle it with a third cup of grated unsweetened chocolate mixed with three tablespoons of sugar and a quarter cup of chopped walnuts or pecans, as soon as the cake comes out of the oven. Return to the oven for about three minutes or until the chocolate is melted.

## LOST 57 LBS. — FOUND NEW PEP SAYS AKRON LADY

"I will never be able to thank Renel enough," writes Mrs. T. R. Hutson, R. D. 11, Box 364, Akron, Ohio. "I have tried several other reducing plans without success. With Renel I have lost 57 pounds and feel better than I have in 15 years. I am never tired anymore and now do my work easily."

Hundreds of others have obtained similar relief from the social and physical discomfort of being overweight. Why not try this effective yet inexpensive method of reducing and enjoy the pleasure of feeling younger and more alive. Try Renel and notice the admiring looks you will receive from your friends as your figure becomes younger and

your vitality increases. Just go to your druggist and ask for 4 ounces of liquid Renel. Pour the contents into a pint bottle—add enough unsweetened grapefruit juice to fill the bottle and then take two tablespoons twice a day. That's all there is to it. If you aren't satisfied with the results return the empty bottle to the manufacturer and your money will be refunded. You need never know a hungry moment while taking Renel—no starvation diet—no printed diet list to buy—no vitamins to fortify you against weakness while going hungry, for you WON'T be hungry. Don't be switched to another product. Insist on ... and be sure to get genuine Renel.

FROM COAST TO COAST, women are saying: "Vel saves up to half my dishwashing time!" "Vel cuts my dishwashing work in half!" "Vel cleans my dishes cleaner than soap!" Yes, all you do when you use this amazing soapless suds made by Colgate-Palmolive-Peet is wash and rinse! Even glassware dries glistening clear without wiping because Vel leaves no soap scum or streaky film to polish away!

**Pots and pans get shiny clean without hard scouring!**

One... two — and you're through your dirtiest dishwashing job! Just soak pots and pans with Vel suds while you do the dishes. Then rinse them almost clean! No hard scouring is necessary because Vel cuts grease faster, more completely than soap! Vel leaves no dishpan ring to scrub out!

**MILDER TO HANDS** than any leading product made for washing dishes and fine fabrics!

Actual skin tests made by an independent laboratory—name on request—prove that Vel is milder to hands than any other leading product made for washing dishes and fine fabrics.

## Green Township To Have Festival

GREENFORD, Sept. 28.—Complete plans for the annual Green township fall festival and school fair were announced today. It will be held at 7 p. m. Friday at the school building.

All exhibits are to be entered and placed by 3 p. m. Friday. Prizes will be awarded in eight divisions. A. J. Cobbs, superintendent of Greenford school, is general chairman of the affair.

A motion picture, "Miss Swiss Short," will be shown at 7:30 p. m. and at 9:30 p. m.

Mrs. Charles Mercer will be in charge of the grain exhibit, Clayton F. Lehman, vegetables; A. J. Cobbs, fruits; Miss Christine Blosser, flowers; Mrs. Elsie Kletzy, domestic arts; Mrs. James Dickson, fancy work and Mrs. David Smith and Mrs. Hilda Bender, general shop work. There also will be a miscellaneous exhibit.

Admission to the fair is free. The door committee is composed

of Mrs. Floyd Beck, Mrs. Charles Sittler and Phillip Stevens. Refreshments will be handled by the junior class, assisted by Mrs. Ralph Ovington, Mrs. Fred Puttkamer and Mrs. Mary Kay Snellinger.

## People Live Longer But More Die of Cancer

ST. PAUL, Minn.—Cancer deaths in Minnesota are on the upswing because people generally are living longer, according to the state health department.

J. W. Brower, acting director of the vital statistics division, said an average of 350 deaths have occurred monthly in the state for five years. He said "notable progress" in communicable disease control, infant and maternal health and other public work is one reason for the high rate.

"As a result of this progress," Brower said, "a greater proportion of our population is reaching the age at which degenerative diseases, such as heart disease and cancer, exact a heavy toll."

While the nightshade is poisonous, all its relatives are good for food. Eggplants, peppers, potatoes, and tomatoes belong to this family.

## ★ IN HOLLYWOOD ★

By  
ERSKINE  
JOHNSON

HOLLYWOOD—(NEA)—Jack Benny has made his big decision about television.

As long as he's a radio regular he will not do a weekly or even monthly television show.

He told me: "I'm just not interested in television."

After his TV debut last spring, Jack and CBS agreed he would do a monthly show this winter. After thinking it over, Jack nixed the idea. "Too much work," he said.

He may do an occasional guest shot—"And I'll still stay in character"—but until he gives up radio there will be no TV for Jack.

Jane Greer, who is expecting her second child soon, is staging a one-woman campaign for nice-girl roles. She says: "I've been shot or have shot someone in every picture since I can remember. When my children grow up and people ask them what their mother did they'll have to reply:

"Oh, mother was a gangster."

Fox just dropped singer Bill Shirley, who never did get a chance to appear in front of a camera. He was the dubbed voice of Mark Stevens in "Oh, You Beautiful Doll." ... Friends are impressed with Nelson Eddy's new dancing ability. He quietly brushed up on the rumba at Arthur Murray's ... The office of "Bullets" Durgom isn't the only building appropriately near Mickey Cohen's haberdashery. There is a mortuary just one door away ... Dana Andrews has another picture to do for UI. It probably will be a story about the Nova Scotia fishing banks.

**LOOK OUT, MARLIN**  
BILL DEMAREST is the new president of Hollywood's "No Marlin" club. Bill Meiklejohn, the Paramount talent director, turned over the title to him after landing a 245-pounder. It was his first in 17 years. The two Bills were fishing from the same boat and tossed a coin for the right or left side. Meiklejohn won the right. The right rod got the strike—and the fish.

America's newest supper Club

singing star—Rosalind Courtright—is America's most glamorous landlady.

I found her picking out new drapery for the swank Beverly Hills Hotel, which is managed by her socialite husband, Hernando Courtright. She was between engagements and reveling in her hotel landlady role.

There had just been a major crisis.

A man in a second-floor room had left his bath water running. It overflowed the tub and started to drip through one corner of the lobby ceiling. Edgar Bergen noticed it first and called Rosalind and said:

"Have you ever seen Niagara Falls? If you haven't, you can see it now in the lobby."

Rosalind came running.

Rosalind has been running all her life. She denies stories going 'round that she's a socialite and "isn't it too cute that she's singing in supper clubs."

"I'm not a socialite," she said.

"I've worked all my life. I was on the stage at 13 and in motion pictures at 15."

**WOULDN'T LET HER SING**

MAYBE you remember her. Ten years ago she co-starred with George Raft in "The Glass Key." Her name then was Rosalind Keith. She was studying on the side but Hollywood would never let her sing.

She gave up pictures in 1940. "It would be better," she said, "to say that my film career gave me up." She married Hernando Courtright six years ago, continued her vocal studies and attracted attention singing at Hollywood parties.

Two years ago she got her first professional job at the St. Regis Hotel in New York. Last year she sang in every major U. S. city.

Aside to Roy Rogers "In one scene of 'The Sundowners' Bob Preston strums a guitar, puffs on a cigaret and whistles simultaneously. In tune? Well, approximately."

Short, short. When Dinah Shore landed her first radio job in New York, it was singing on an early morning show sponsored by a New Jersey furniture store. A male singer was there before her. He didn't like her southern accent. Things weren't very friendly and when they sang love duets each tried to out-shout the other until the listeners complained that it didn't sound like love. It wasn't, but all is forgiven now. The male singer was Frank Sinatra.

his master's degree at the University of Minnesota.

He is majoring in hospital personnel and hospital superintendency. Mr. Mountz is the son of Mr. and Mrs. Lowell Mountz.

Russell Loudon, son of Mr. and Mrs. Arthur Loudon is attending the Cincinnati School of Embalming, Cincinnati, Ohio.

Miss Carina Arbanitis has entered as a student nurse at the Salem City hospital. Miss Arbanitis makes her home with Mr. and Mrs. James Rhodes Salem-Wilmona road.

Miss Esther Jean Mayhew, daughter of Mr. and Mrs. Mayhew, is resuming her course in home economics at Ohio State university, Columbus.

Paul Althouse, son of Mr. and Mrs. Albert Althouse, is also en-

rolled at Ohio State. He is taking a pre-veterinary course.

Dean Zeppernick, son of Mr. and Mrs. John Zeppernick is enrolled in commercial art and Jack Dusenberry, son of Mr. and Mrs. Donald Dusenberry, a pre-ministerial course at Ohio State. He attended the University of Wisconsin at Madison last year.

Mr. and Mrs. Dusenberry accompanied their son, Jack, and Dean Zeppernick to Columbus Sept. 18.

Other local young people who are attending colleges this year include:

Robert Stanley, Penn college at Oskaloosa, Iowa. A sophomore this year, he is the son of Mr. and Mrs. Roscoe Stanley.

Miss Martha Hendershott is attending Cleveland Bible college

for her second year. She is the daughter of Mrs. Icie Hendershott.

**Attending Institute**

David Miller son of Rev. and Mrs. Willis Miller is a student at the Chicago Evangelical institute, at Chicago, Ill.

Maynard Brantingham is attending Mt. Union college. He is taking a pre-medical course and was transferred from Asbury college, Wilmore, Ky.

He is the son of Rev. and Mrs. Martin Brantingham. Mr. and Mrs. Maynard Brantingham will live in Damascus.

Albert Holloway is attending

Wilmington college, Wilmington, Del.

A freshman this year, he is the son of Mr. and Mrs. E. C. Holloway.

**Visit Sick Friend**

Rev. and Mrs. Martin Brantingham called on Rev. Brantingham's sister, Mrs. John Hallman, Thursday. Mrs. Hallman is a patient at the Alliance City hospital Alliance, where she underwent an operation recently.

Little Kathy Cynthia and Janet Dusenberry of Damascus were Tuesday guests in the home of their grandparents, Mr. and Mrs. Donald Dusenberry here.

# The car that likes to be compared!

# PLYMOUTH

**Great Value** is built into every beautiful inch of the new Plymouth. For the positive proof—compare! Put this greatest Plymouth ever built up against the other cars—feature for feature, dollar for dollar, mile for mile!

Look at all three of the leading low-priced cars. Plymouth — and only Plymouth — has the famous Air Pillow Ride — now smoother than ever.

The new, more powerful Plymouth engine has a compression ratio of 7 to 1 — low-priced car "A" has 6.8 to 1 — low-priced car "B" has 6.6 to 1. You get greater performance because Plymouth's higher compression squeezes more power out of every drop of gas.

Plymouth is the only low-priced car with the spectacular new double safety feature — **Safety-Rim Wheels with Safe-Guard Hydraulic Brakes**. Patented retaining humps hold the tire straight on the rim in the event of a blowout. Powerful brakes give quick, safe, accurate stops, without grabbing or biting.

These are just some of the reasons why the new Plymouth is the car that likes to be compared — not just to other low-priced cars—but even to cars costing hundreds of dollars more!

Visit your Plymouth dealer who will be glad to arrange a demonstration ride.

White sidewall tires, chrome wheel covers and rear fender scuff guards optional at extra cost.

Of 22 quality features found in high-priced cars—the new Plymouth has 21 . . . low-priced car "A" has 13 . . . low-priced car "B" has 4. That's why the Plymouth today—more than ever before—is the low-priced car most like high-priced cars!

**DRIVE THE NEW PLYMOUTH—AND LET THE RIDE DECIDE!**

**PLYMOUTH**  
BUILDS GREAT CARS

PLYMOUTH Division of CHRYSLER CORPORATION, Detroit 31, Michigan

**THESE NACS AREN'T "DARK HORSES"**—Mrs. Winifred Price checks over a hobby horse before putting him back with his "stable-mates" in Erith, England. British toymakers are rushing production for the Christmas season, and with the pound sterling devaluation, emphasis is on dollar-earning goods. It's no long shot that these nacs will make a big hit with American youngsters.

**FAMILY GROUP**—These three sisters, daughters of Mr. and Mrs. George E. Wittlinger of Los Angeles, make their movie debuts together in a film titled "With All My Love." Top to bottom, the cinema hopefuls are: Madelyn, 14; Alice, 19, and Barbara, 17.

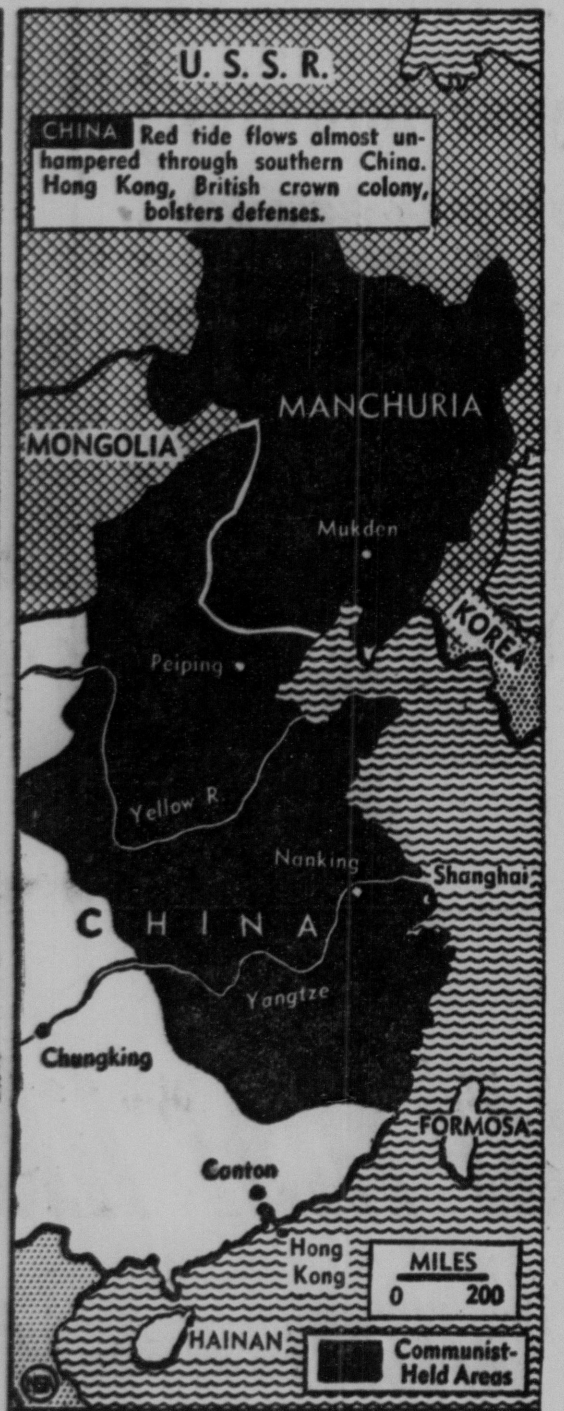

**BRITISH FOREIGN** Secretary Ernest Bevin snoozed in his seat at the UN General Assembly, Lake Success, N. Y., while from the speaker's rostrum U. S. Secretary of State Dean Acheson blamed Russia "for the profound sense of insecurity" that necessitated formation of the Atlantic Pact. (International Soundphoto)

**SILVIA GOULD** cast a bombshell into New York society by announcing that Navy Lt. Comdr. Ernest Hoefler, Jr., who was to be her husband No. 3, called off their marriage only 48 hours before the wedding. The great granddaughter of the fabulous Jay Gould gave no reason, but friends say the wedding was canceled because he wouldn't quit the sea and she disliked the idea of his being shifted to foreign duty next year. (International)

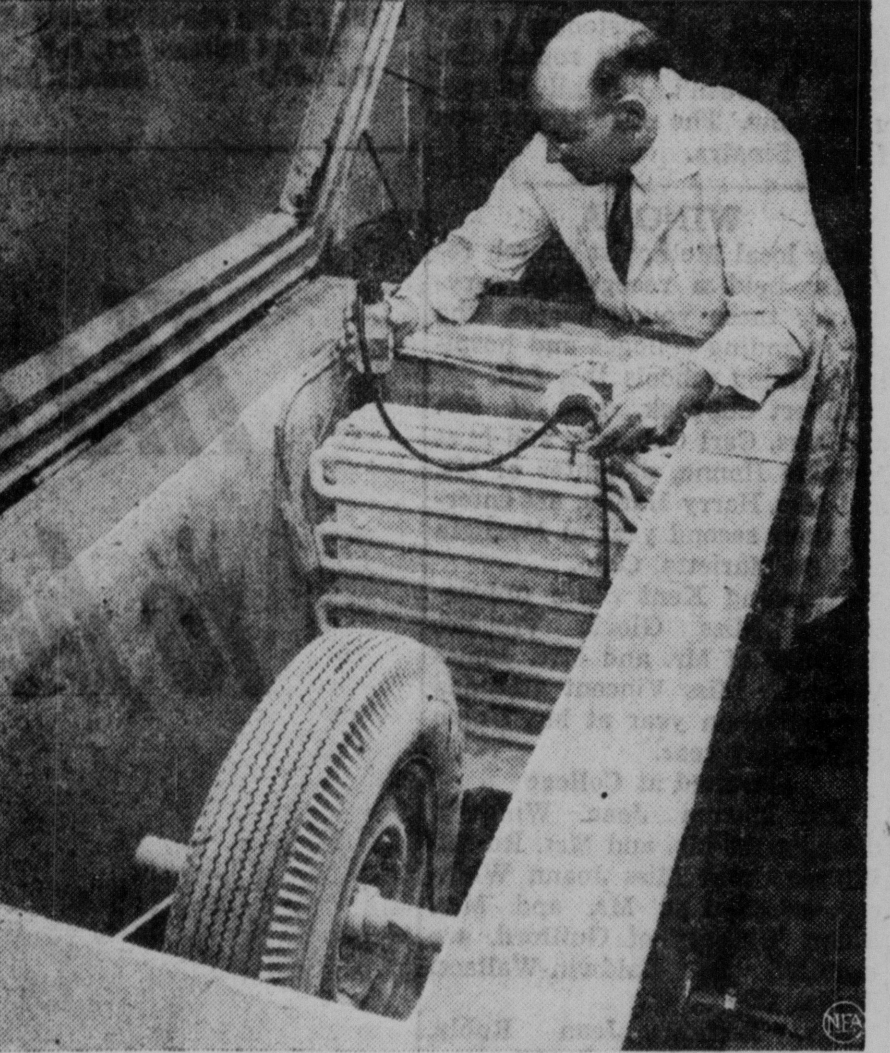

**THE COAL WAR**—Truck driver Ray Caldwell leans against his vehicle and surveys the load of coal striking miners made him dump near New Philadelphia, O. On strike because of difficulties with southern operators, almost 200 miners toured Tuscarawas County roads in Ohio, forcing coal truck drivers to dump their loads along the highways.

**REDS WORRY IN WEST, HAVE IT EASY IN EAST**—Map of Europe, left, spots symptoms of apparent worry in the Kremlin. But while Stalin's hope of easy Communist victories in western Europe has faded and his once-tight Balkan bloc may be loosening at the seams, Communists roll relentlessly over eastern China, as shown on map at right.

**NEW SIGHT FROM A PIG'S EYE?**—Dr. Mahmoud Loutfi, well-known Egyptian oculist, examines a section of a pig's eye which he removed before grafting it to the eye of his patient. The delicate operation was performed at a Cairo hospital, and results were not announced immediately.

**TIRE STILL BOUNCES AT 75 BELOW**—The tire resting in the deep freeze above is made from a new synthetic rubber compound that bounces instead of shattering at 75 degrees below zero. Physicist G. L. Hall at the Firestone Company laboratory in Akron, O., checks data on the Arctic rubber tire which may enable engineers to solve many problems of machinery operation in sub-zero climates. The best rubber tires freeze hard as rock at 60 below, develop permanent flat spots when parked, and lose their treads through chipping. The new tire is expected to remain serviceable at 75 degrees below zero.

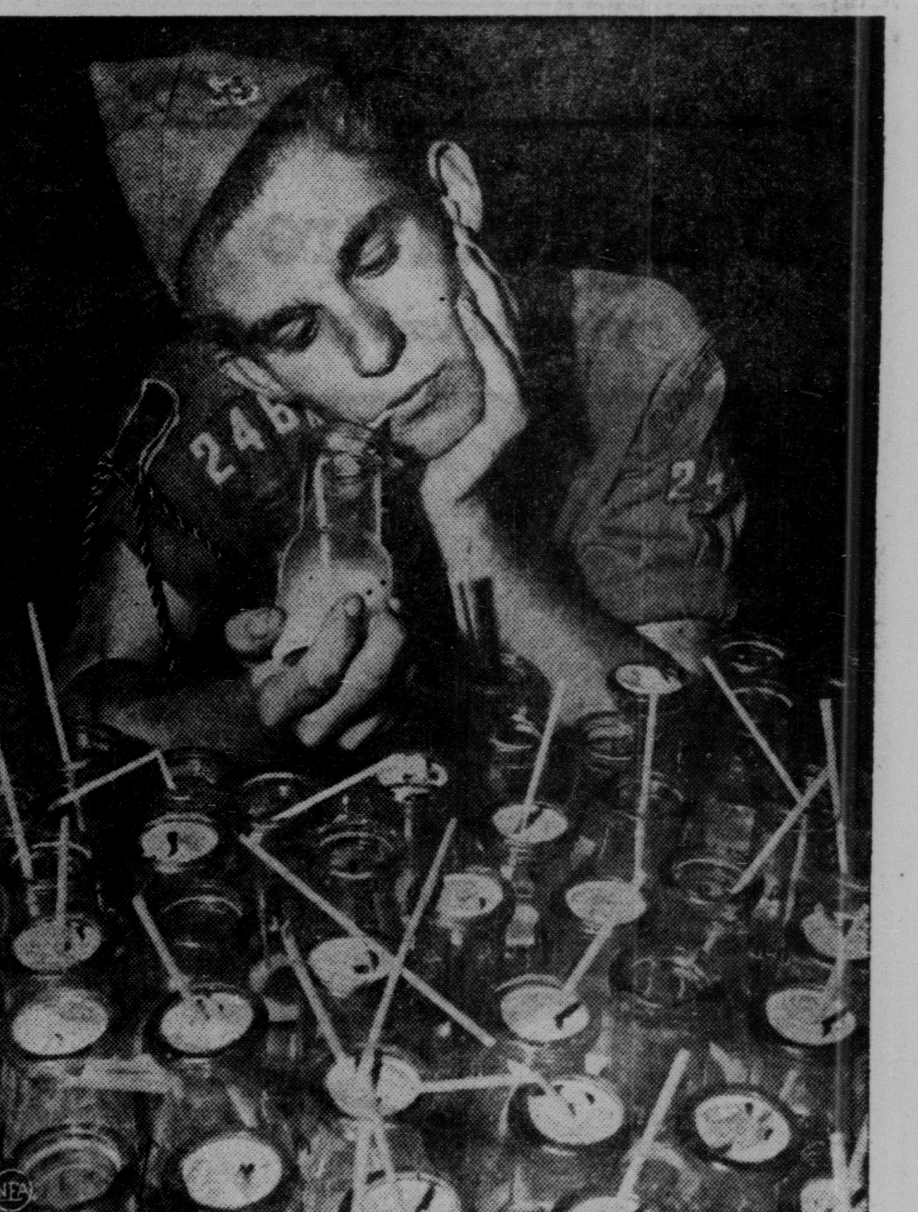

**RECOVERING** from severe shock and burns, in Toronto, Can., Capt. William Taylor, skipper of the ill-fated *Noronic*, said charges that he was drinking the night the vessel burned were "vicious lies." Capt. Taylor declared it was a rule never to drink aboard ship. (International)

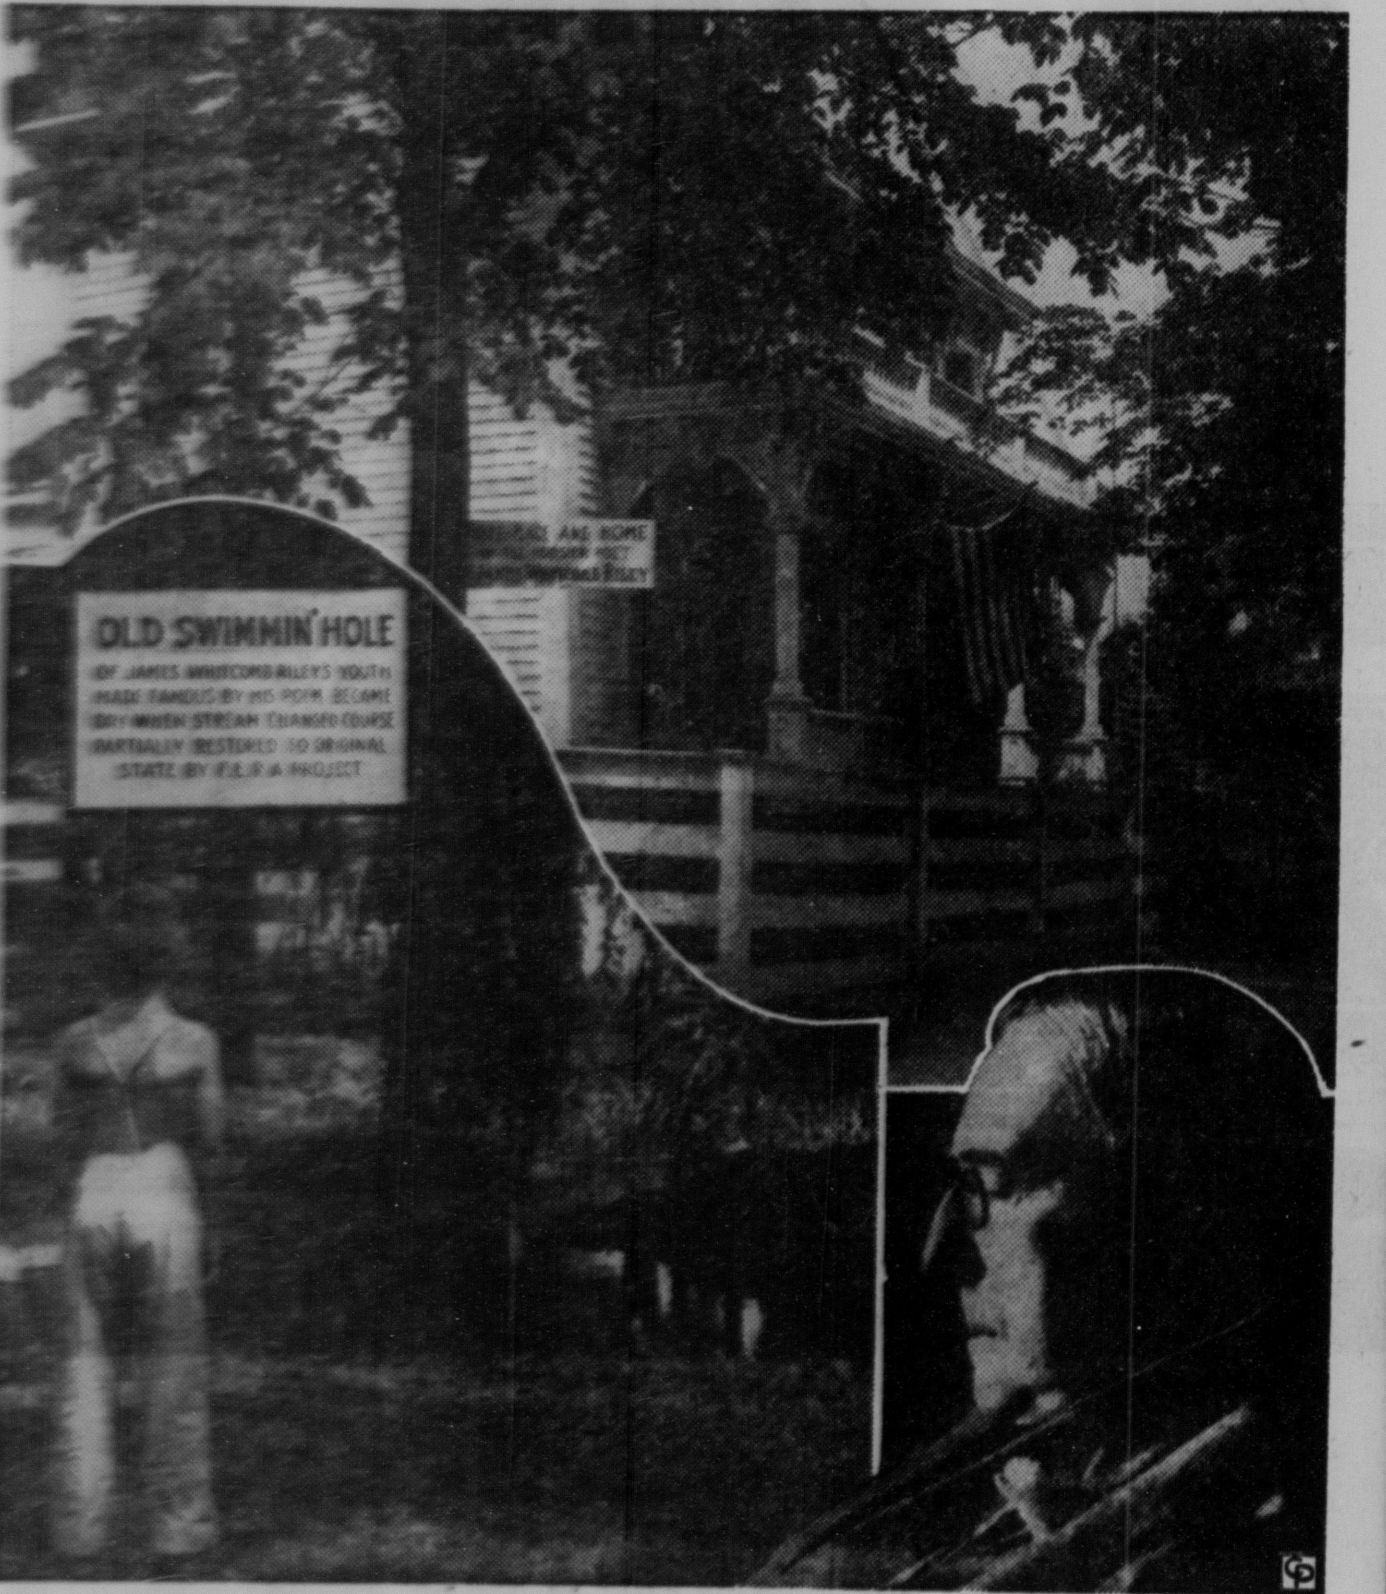

**"THE BETTER WAY?"**—So far as Willie Patrick is concerned, "The Better Way" is to stay awake at the wheel. Patrick, a Navy chief petty officer, dozed off while driving through Los Angeles and awakened to find himself in the middle of a cemetery ad on a splintered billboard. Aside from a few cuts, Patrick suffered mostly from a strong case of jitters.

**"DP" IN CASE** of 2-year-old Maria Bernotas must stand for "delightful person," you might say as the Lithuanian glamor gal arrives in New York en route to Chicago to her parents. (International)

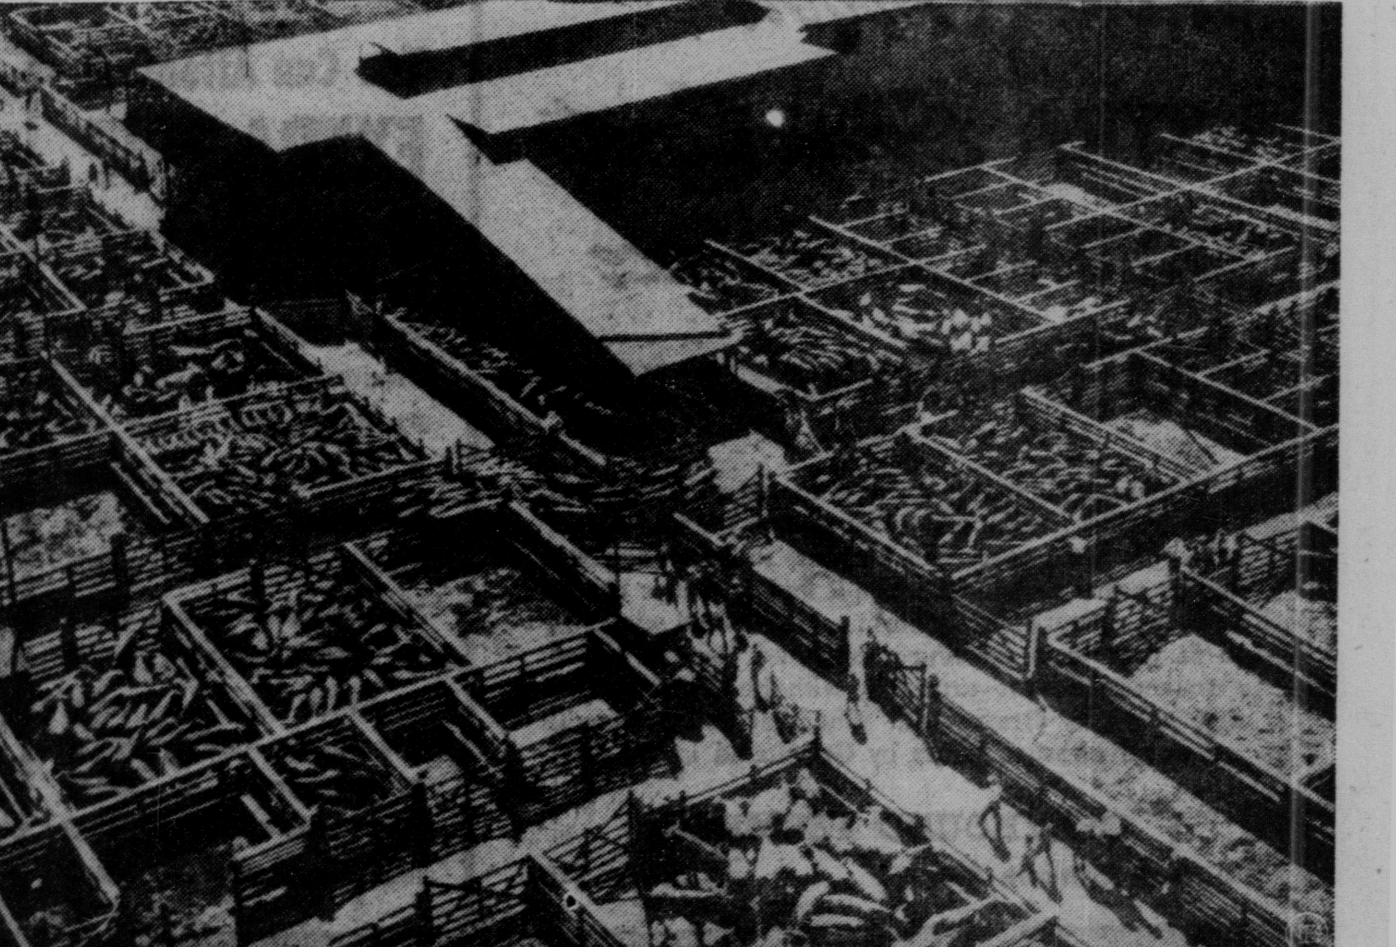

**CHAMP GUZZLER**—The number one drinker of milk—at the Los Angeles County Fair in Pomona, Calif., was Allen Prosser, age 15, above. "Pasteurized" Prosser—as he was nicknamed—put away almost a gallon during the fast-flowing 10-minute contest.

**OCT. 7 MARKS** the 100th anniversary of birth of James Whitcomb Riley, the "Children's Poet" whose verses, which first appeared in an Indianapolis, Ind., newspaper, made him a figure of national renown at the turn of the century. Riley's birthplace (above) is a museum in Greenfield, Ind., where also is located the original "Old Swimmin' Hole" which he immortalized in verse. Some of his best known work includes "The Raggedy Man," "When the Frost is on the Punkin," "Out to Old Aunt Mary." Riley died in 1916. His birthday was made an official holiday in Indiana. (International)

**ONLY 15 YEARS OLD**, Marlene Bauer, who reached semi-finals of the women's national amateur at Merion, Pa., practices putting before opening of national women's open at Landover, Md. Her sister Alice, 21, holds "flag." Both are from Los Angeles. (International)

**RECORD RUN OF BEEFSTEAK**—The Kansas City, Mo., stockyards handled an estimated 26,000 head of beef cattle in one day—for its biggest day since last Oct. 25, when some 30,000 head were unloaded. The view above shows the yards during the peak cattle run, which might help bring lower prices for beefsteak.

# Boy vs. Polio: 'Thank God For That Iron Lung...'

## A Father Tells What It's Like To Watch His Son Fight Against Paralysis

By LLOYD W. SVEEN  
Written for NEA Service

FARGO, N. D.—"Get the respirator!" The doctor dashes back to the hospital room where my four-year-old son, Bradley Joe, stricken with polio, writhes in an oxygen tent.

The iron lung is wheeled in as doctors and nurses carry Brad from his bed.

His face is grey. There is no perceptible breathing. My wife, Dorothy, stands beside me, hands clenched. "Hurry, hurry, hurry!"

The attendants snap the respirator shut. Doctors fit the collar around Brad's little neck. All you can see is the curly head with the silver face so motionless.

The electric cord is plugged in. The rhythmic huff and clank of the bellows on the respirator begins.

Fear seethes inside you, until you are breathing hard and fast, trying to help your boy's lungs get life-saving oxygen he needs so terribly fast.

You are beseeching God incessantly, trying to sustain your wife at the same time.

A doctor comes over. "I think we are winning."

You look at the little head. A nurse holds an oxygen mask above Brad's colorless lips.

LATER — agonizingly later—the grey little face gets a pale pink. Then slowly the cheeks are the healthy tan you knew so well. Brad opens his eyes, feels oxygen tickling his face.

"You dummy. You dummy, take the dumb thing off," he says. Your eyes are hot, moist.

The doctor says to Brad: "Good boy," then turns to you. "He's out of immediate danger, thanks to the respirator."

The respirator—the iron lung which first struck terror in your heart, become a close friend, because it is breathing for your boy. Your boy who has bulbar polio.

You take up your vigil outside the door, and thank God for that iron lung and the doctors and

BRADLEY JOE SVEEN: What Lies Ahead For Him

THE IRON LUNG huffs on Brad lives by intravenous feedings until the wonderful day comes when again he can swallow normally. Penicillin shots are administered daily—not to fight the polio virus, for there is no known medicine which can conquer it—but to ward off pneumonia.

"This must be costing a lot of money," I said one day to the hospital administrator.

"There is no charge for the iron lung," he said. "The respirators in Fargo were purchased by the American Legion, Veterans of Foreign Wars and other organizations and they are free."

Bulbar polio only rarely is paralyzing to the limbs, but Brad

EDITOR'S NOTE: What's it like to see your son—or daughter—encased in an iron lung, fighting the dread battle against polio? In this dispatch a father (who is also a newspaperman) tells a story that has been a grim experience for thousands of U. S. parents this year, and makes it clear why the Polio Epidemic Emergency fund must raise \$14,500,000—immediately. Young Bradley Joe Sveen, son of the Northwest Editor of the Fargo, N. D., Forum, has been in a respirator since August 17. Both arms and legs are seriously involved, but he is slowly winning his fight with the help of doctors, life-saving machinery—and the money to pay for it all—provided by the National Foundation for Infantile Paralysis.

sustained that also. Hot pack treatments began.

"Where do you get the hot pack machines?" I asked a nurse.

"The National Foundation," came the oft-heard answer.

IT WAS the first of the month. The bills piled up. Hospital's \$416, for 16 days. Oxygen—\$155, the private room needed because a respirator takes up so much space, \$136, and other charges.

Special nurses every hour—\$550. They earned every cent of it, with constant devotion and vigilance to the patient. The doctor's bill isn't in yet, but he, too, deserves a life and death fee.

That bill, more than \$1000, is

only for the first 16 days and it's only one case of polio. In this, the worst epidemic year in the United States, with 40,000 cases anticipated for the year, is it any wonder the National Foundation's funds are exhausted?

What lies ahead for my son? Long days of recuperation, of hot packs and treatment including special nursing. How many can pay such bills without lowering their standard of living?

Anyone wonder why the National Foundation has been forced, reluctantly, to come with a special appeal for funds? Anyone doubt that the money is well spent?

I can tell you, straight from my heart that it is.

## Industrialist Says Reds Have 4 Atom Fortresses

By LEON DENNEN  
NEA Special Correspondent

NEW YORK—(NEA)—Russia is working on atomic energy projects in at least four huge plants, known as "atomic fortresses," according to information given me by an escaped Soviet industrial official.

In these areas are concentrated the efforts of hundreds of captured German scientists, key Russian atomic experts and thousands of forced laborers. Latest information from spies in the United States, Canada and Great Britain, and the findings of Frederick Joliot-Curie, French Atomic Energy Commissioner and high-ranking Communist, are communicated quickly to these centers, according to my informant.

I am able to state from personal knowledge that United States intelligence authorities have knowledge of the fortress locations. They consist of complicated plants surrounded by hundreds of miles of no-man's land, patrolled by the MVD security police.

Information is lacking as to the location of atomic blast inside Russia, which was announced by President Truman, but it could have taken place at any one of

the following experimental centers:

At Sukhum, in southern Trans-Caucasia, on the Black Sea. (My informant said he worked on the construction of an atomic fortress at Sukhum as far back as September, 1939, at the time of the invasion of Poland.)

In the Central Asian desert of Kara-Kum, south of Lake Aral, in Turkmenistan, and in the southern zone of the Urals. This fortress is not far from the border of Iran and is surrounded by 700 square kilometers of no-man's land.

(My informant said that at the beginning of 1946 thousands of forced laborers were working on extensions of this plant and proving ground. He said many of

PITTSBURGH, Sept. 28—(AP)—More than a score of western Pennsylvania non-union bituminous mines reopened under heavy state police guard today after a week of idleness enforced by pickets in the nationwide walk-out of John Lewis' United Mine Workers.

Upwards of 50 state police patrolled highways to guard against violence as operations resumed in the Clearfield area. Quiet prevailed as some 250 non-union diggers went back to the pits.

Police said no effort was made any point during the early morning hours to hinder resumption of work. There was some picketing. Most of the mines are strip operations in which steam shov-

els dig coal from surface operations. Fourteen operators of 30 mines ordered work resumed. Reinforced state police forces from widely scattered points gathered overnight to guard the workings.

Reports of violence came from West Virginia yesterday. Two pickets were arrested and one unidentified person injured as bands of roving pickets closed all non-union coal mining operations in Gilmer county. And in Tuscarawas county in Ohio, nearly 200 men forced truckers hauling non-union mined coal to dump their loads.

At Tashkent, in Uzbekistan. This is headquarters for the leading Russian atomic physicist, Professor Joffe, who has been conducting experiments in harnessing solar energy. The Soviet Academy of Science was said to have received a secret report that Professor Joffe succeeded in smashing the atom in 1937.

These locations were given me by a former assistant commissar of the Urals tank industry. Once a Comrade bigwig in Romania and an intimate friend of Anna Pauker, my informant went to Russia in 1937. During the war he became one of the top managers of the Cheliabinsk Tractor Plant, rising to first assistant to Khesin, commissar of the tractor industry. He escaped to Western Europe in 1947.

Guard Against Strike Violence

## GREENFORD

Mr. and Mrs. R. C. Lamb and daughter, Phyllis entertained a number of friends and neighbors at a picnic supper and wiener roast Sunday evening.

Mr. and Mrs. W. W. Bailey and family and Mrs. Kate Henderson visited relatives at Cadis Sunday.

The Lutheran church will observe Rally day Sunday, Oct. 9.

A number from this community attended open house at the Salem News over the weekend.

## Boyle's Column

By HAL BOYLE

NEW YORK—(AP)—Tell the average woman she's a genius, and what happens?

She immediately begins wondering if you are trying to break it to her easy that her years are showing, her nose needs powdering—or her face needs lifting. In any case she takes the compliment with deep suspicion.

But if, on the other hand, you remark to her, "you're no genius, Esmeralda," she gets downright annoyed. She unsheathes her claws and demands to know why.

WAVERLY ROOT gives some of the reasons in an American Mercury magazine article flatly entitled, "Women Are Intellectually Inferior."

Naturally Root doesn't infer that women are mentally lower than barbaric apes, the giant panda, polar bears or the praying mantis. He simply rates them lower than the only other sex they share the human race with—that simple creature of good will, man.

At least he holds this to be true on the top flight I. Q. level genius, the man says, is strictly confined to the male.

Root says this isn't just one fellow's opinion. He cites a study made by Mrs. Cora Sutton Castle who sifted six encyclopedias looking for eminent women and found only 868 listed.

"It is a sad commentary on the sex," commented Mrs. Castle dimly, "that from the dawn of history to the present day less than 1,000 women have accomplished anything that history has recorded as worth while."

GETTING AT THE root of the matter, Root says that genius is creative and that while many women have shown fine talent—such as Jane Austen, the Brontës, George Eliott and Emily Dickinson—none have reached the peak of greatness.

"There are absolutely no feminine names, none at all, which can stand beside those of the really great—no Beethovens, no

Michaelangelos, no Shakespeares, no Tolstoy's."

And Root says women can't escape this truth by blaming it on the tyranny in which men have held women through the ages. He says you can't explain female lack of genius by lack of opportunity—the girls just don't have the genius factor in their chromosomes, those little gadgets in the sex cells that control heredity. Some lucky men do.

But listen, ladies, to the masculine penalty for being so smart—

IT IS ALSO a fact that idiocy is more common among men than among women, who may well consider themselves happy to rank lower in genius for the sake of ranking higher in sanity.

Root inclines to the belief that genius, anyway, is only the rich cousin of madness.

"You are indeed, mesdames, barred from genius," he said. "But what of it? Genius, from nature's point of view, is a dangerous abnormality; and she has delt handsomely by the women in exempting them from it."

But Mr. Root certainly loses any claim to genius himself if he thinks that will satisfy the girls. This is the day of the demanding female, and if she wants genius she'll get it—even if she has to carry her equal rights campaign to every chromosome under the American flag.

It ought to be easier to change a dumb little chromosome than the mind of a determined woman.

Destruction of Inn Halted By Court Order

COLUMBUS, Sept. 28—(AP)—Destruction of the Jungle Inn buildings at Halls Corner, O., has been halted temporarily by court order.

Judge John R. King of Franklin county (Columbus) common pleas court yesterday suspended an order of State Fire Marshal Harry S. Callan setting Wednesday as the deadline to raze the buildings.

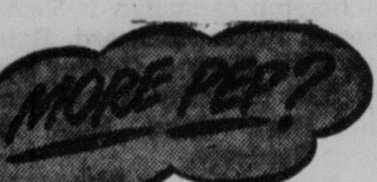

Callan said the two frame buildings of the gambling casino were a firetrap. His order was issued after a much-publicized liquor department raid.

Filing court appeals were Grace Farah, Halls Corners, and John J. George, commander, and Maseed J. George, adjutant, of the Army-Navy Garrison Post 504, as owners of the buildings.

## City Hospital Notes

**Admissions:**  
For surgical treatment—  
Russell Stevenson of Bedford, Pa.  
Mrs. David Batzli of R. D. 1, Salem.  
Russell E. Morris of R. D. 1, Mingo Junction.  
John McGiven of Canton.  
Clifford Beck of R. D. 5, Salem.  
Mrs. Lee Halverstad of R. D. 2, Leetonia.  
For medical treatment—  
Walter A. Hites of R. D. 2, Leetonia.  
Mrs. George Wranau of R. D., Leetonia.  
Earl Baird of R. D. 2, Canfield.

**Returning home:**  
Lovie Sanders of Detroit.  
John Fisher of Detroit.  
Terry Morris of Lisbon.  
Clifford Arter of Leetonia.  
Mrs. Harold Orr of Columbiana.  
James Humphrey of New Castle, Pa.  
Mrs. Fred Hefner and son of R. D. 4, Salem.  
Mrs. Francis Mullen and daughter of R. D. 5, Lisbon.  
Mrs. Glenn Warner and daughter of 191 W. Pershing st.

**Central Clinic Notes**  
**Returning home:**  
Dorothy Moore of Greenford.  
**Recent Births**  
At City hospital —  
A daughter Tuesday to Mr. and Mrs. James H. Wilson, Jr., of 123 S. Lincoln ave.

**Fractures Shoulder In Fall**  
The condition of Mrs. Donald Coppel of Winona, who sustained a fracture of her right shoulder and minor injuries when she was thrown from a horse Sunday afternoon, is reported favorable.  
Mrs. Coppel was riding the horse around the Coppel farm when the animal ran away, throwing her off. She is being treated in the Central Clinic.

**Junior Saxons Meet Tonight**  
Members of the Junior Saxon club will meet for business at 8 tonight in the clubhouse. A social hour will follow.

## Lions Hear Maj. Mehaffey

Major Jack Mehaffey of the Columbus Army supply depot traced the taxpayers' dollars through congress and told about the procurement, distribution and use of supplies by the Army, when he spoke last night at the Lions club meeting in the Lape hotel. Major Mehaffey served in three theaters of war during World War II and received three high decorations.

Dr. Clarence Hartsough was program chairman.

## Football Tickets Here

A limited number of reserved seats for the Salem-East Palestine game at East Palestine Friday, are on sale at the usual downtown outlets. Faculty Manager Fred Cope announced today.

Cope said the tickets would be on sale here until 4 p. m. Friday.

## Rotarians Inspect News

Members of the Rotary club were taken on a tour of the new Salem News building following their noon luncheon Tuesday at the Memorial building. Ray Dean was program chairman.

## On Advisory Board

William K. Park of Home Circle has been appointed a member of the advisory board of the Columbiana county Board of Health, in the plumbing inspection and sanitation division.

## Start Hearings Again On Timken Trust Bust

CLEVELAND, Sept. 28—(UP)—Five days of hearings start in federal court today on the government's request for rulings to break up the roller bearing trust.  
The Timken Co. of Canton, O., was convicted of conspiring to monopolize the world roller bearing industry last spring after a three months trial.

The government will demand that Timken, along with British and French Timken, stop allocating marketing territories, restrictions on imports and to get rid, within two years, of finan-

cial and management interests in each other, Sigmund Timberg, assistant attorney general, said.

## OHIOAN ON BOARD CHECKING DISASTER

COLUMBUS, Sept. 28—T. Vincent Martin, an Ohio assistant attorney general, will sit in today on Canada's investigation of the Noronic disaster. Martin will act as official observer for Attorney General Herbert S. Duffy.

Duffy said Martin will report to him at the close of the investigation as to whether criminal liability in the disaster exists under Ohio law.

He said the next General Assembly would be informed if Ohio law was lacking in any way to protect its citizens in event of any similar disaster in the future.

## CHURCHILL

(Continued from Page 1)

ment and call the election immediately.

The Laborites, however, hold 393 of the 640 seats in commons. Reports are that the party has a virtual pledge from all but extreme left wingers to support the cabinet when the vote comes tomorrow.

Churchill said Britain has been "brought to the verge of national and international bankruptcy."

This occurred, he said, despite the fact that "in all history no community has ever been helped and kept by gratuitous overseas aid—that is by the labor of other hardworking peoples—to anything which we have been under the present Socialist government."

He asked:

"Where are we at the end of it?"

"The reduction of the rate of dollar exchange means that, subject to certain minor abatements, we may have to pay up to nearly half as much again for what we buy—much of it necessities without which we cannot live—from the dollar areas."

Even if the Labor government was forced into devaluation, Churchill said, "the hard, blunt, simple conclusion remains that it cannot be a good thing and we have suffered a serious disaster."

## ENGINEER

(Continued from Page 1)

be of no assistance to local manufacturers and won't alleviate your local congestion enough. Of 13,600 vehicles entering Salem daily, only 4,800 don't intend to stop. Even if the state routes were taken out of Salem, it would not solve the traffic problem here," Kimball said.

He went on to emphasize that the bypass, possibly mis-named, should solve the traffic problems both for the state and for Salem itself. Hence, his suggestion that it be brought into the city.

On all construction inside the corporation limits the city will have to pay 25 per cent of the construction cost and 33 per cent of the right-of-way costs, the Salem group learned. The federal government would pay 50 per cent and 33 per cent respectively, with the state assuming a share identical to the local payment.

## Suggests Four Lanes

Kimball suggested a 54-foot four-lane pavement at a minimum.

The north by-pass, planned heretofore, would run from Route 62 west to Route 14 east and would cost about \$2,250,000. It would run only nine and a half miles.

In supporting his argument of an in-town highway, Kimball said that a city of 13,000 is too large to have only one through east-west street (E. State st.).

He said the engineering survey would take into consideration all the local traffic problems, and the state problems. In addition, consideration would be given to the possible future construction of a cross-state super-highway near Salem, and its effect on local traffic problems.

## Super Highway Mentioned

It is impossible to determine now if a super-highway will increase or decrease Salem traffic, the engineer pointed out. If a highway approach road (spaced 20 miles apart) were to be built near Salem, it would undoubtedly increase the local traffic.

Kimball laid the survey plan in the laps of the Salem group as his suggestion. Throughout his talk, he emphasized that "we must have a plan."

During a question period it was mentioned that the highway construction through the city would entail a large right-of-way cost—far more than that anticipated in the north by-pass job.

## Kent Prexy Speaks At Columbiana

COLUMBIANA, Sept. 28—Dr. Robert Shaw, professor of education at Kent State university, who recently returned from a two-year stay in Germany, spoke at the meeting of the Rotary club, Monday evening.

During his stay in Germany, Dr. Shaw was in charge of education at the University of Munich, where an effort is being made to re-educate the people in democracy. He said the process is very slow.

Only 10 per cent of the children of high school age are in school, he said, as compared with 70 per cent in the United States. Great Britain, with 13 per cent, makes the nearest approach to the U. S. standard.

## Tells of Inflation

Dr. Shaw told of the distress from inflation, although conditions are improving. He said he did not find much contrition among the people for the war, as they all lay it to the Nazis and few admit having been Nazis.

The speaker was introduced by James Sittler, chairman of the international service committee.

Vice President Allan White presided in the absence of President William Knuth, manager of Firestone Farms, who was called to Minnesota Sunday night by the death of his father. Only two weeks ago he was called to St. Paul by the accidental death of a brother.

## Installs Legion Officers

Milton Critchfield of Salem, Third division commander of the Ohio department of the American Legion, was the installing officer at the installation of officers for Firestone Legion post in Pavilion 2, Firestone park, Monday evening.

Fred Fritsch, who served the unexpired term of H. A. Ludwig as commander, was installed for the ensuing 12 months.

Other officers installed were: Vice commander, Richard Lehman; adjutant, William Keller; financial secretary, Paul Reeves; treasurer, Jack Lindsay; chaplain, Russell Beck; historian, Galen Burt; trustees, George Hart, George Seederly, Russell Calvin and Ralph Redington.

Vernon Rich of Salem and William Needham of Washingtonville accompanied the installing officer.

## To Buy Furniture

Purchase of furniture for the remodeled post home on N. Pearl st. was discussed and the house committee was authorized to buy the necessary equipment.

The committee for the 1950 membership campaign is Richard Lehman, Robert Buzzard, Robert Culp, Ellie Ritchie, George Seederly. The publicity committee is Galen Burt, John Ellis and George Seederly.

## Kiwanians See Films

Two films on Ohio were shown the Kiwanis club, Monday evening by David Warrick. The films were entitled, "Wild Life of Ohio," and "Mineral Resources of Ohio." John McCarter was program chairman.

President Clarence Koch, program chairman for next week, will have as the speaker his

brother-in-law, Rev. Robert Tuck of Wooster, a former pastor of the Columbiana Christian church, recently home from a year in Europe.

## Has 91st Anniversary

Mrs. Anna Hamilton, formerly of the Beaver valley, Pa., who is now making her home with her son-in-law and daughter, Mr. and Mrs. C. R. Rapp, 127 Union st. observed her 91st birthday anniversary. Sixteen from Columbiana and the Beaver valley were present at a 6 o'clock dinner.

A planning meeting for the Presbyterian churches of northern Columbiana county, in the interest of the churches of Mahoning Presbytery will be held in the Columbiana church next Tuesday evening at 8.

Churches of the district to be represented are Clarkson, New Waterford, Leetonia, Hanoverton, East Palestine, Lisbon and Salem. Communion and baptism of children will be held at the Columbiana church next Sunday morning.

## HIGHWAY

(Continued from Page 1)

"I think it is the business of everyone in Columbiana county to know what is going on and I do not believe this county has been fairly treated by the state highway department over the years."

"I believe our lives and automobiles should have as much protection as elsewhere in the state, and accident reports by the state highway patrol of this district covering parts of Carroll, Stark, Portage, Mahoning and all of Columbiana county show that approximately 70 per cent of the accidents occur in Columbiana county due to these hazardous road conditions. And, when you drive through Columbiana county and find no center-line and no fog protectors, or icy highways, do not blame the workmen as everything must be done by hand and the hazards cannot be as speedily eliminated."

## LIONS CLUB PLANS BENEFIT OCT. 14-15

The Salem Lions club will hold a benefit at the corner of Lundy and Pershing st. from 7 to 10 p. m., Oct. 14, and from 3 to 10 p. m., Oct. 15, as a community project.

Harold McCrea of Winona will conduct the affair. The Lions have asked that anyone having anything to donate to the benefit call 3104 or 4785.

The proceeds of the benefit will be used solely for the betterment of Salem through services to the public. As a service organization, the Lions club is primarily interested in individual advancement and security.

## LEETONIA HIGH PLANS FESTIVAL

**Musical Event Will Be Held At Football Field Oct. 6**

LEETONIA, Sept. 28—W. Gwynne Jenkins, High school music director, said today the evening of Oct. 6 has been chosen for the Band festival and football rally at the football field.

The American Legion Quaker City band of Salem will perform in the first section of the program.

Special features will include a trumpet trio from the Leetonia High school band composed of Dale Guchemand, Martha McCormick and Shirley Rance. Twirling exhibitions will be given by band majorettes, Martha Zimmerman and Carol Grindle. Acrobatic numbers will be performed by Jennie Bell and Donna Gologram.

The full school band will present selections under the direction of Jenkins.

## To Head Pep Rally

Cheer leaders will be in charge of the football pep rally. In case of rain the entire program will be moved to the school gym, added Jenkins.

There will be no admission charge but a free-will collection will be taken to swell the funds with which the Patrol Teachers association is purchasing new band uniforms. The drive has netted more than \$2,000 to date towards a goal of approximately \$3,000 needed.

Jenkins revealed today that the Youngstown Sheet & Tube chorus, under his direction, will present a concert on Nov. 16 in Leetonia High school to swell the uniform fund drive.

## Class Officers Elected

All officers for the upper six grades in the Leetonia school system have been elected and are working with class sponsors in making plans for the school year.

Senior class officers are: President, Donald Stoffer; vice president, Robert Holt; secretary, Audrey Bates, and treasurer, Lexa Sittler. Miss Florence Wilhelm is the class sponsor.

Junior class officers are: President, Bernard Smith; vice president, Esther Stecker; secretary, Nancy Stelts, and treasurer, Martha McCormick. LeRoy Hoskins is the advisor.

Sophomore officers are: President, Michael Gallo; vice president, Carl McKenzie; secretary, Helen Duko, and treasurer, Vivian Bates. Sponsor is Olin King.

Freshmen officers are: President, Richard Gibson; vice president, Bill Beiling; secretary, Betty Spear, and treasurer, Fred

Stumpo. Miss Virginia Krueger is the sponsor.

## Elect President

Eighth grade officers are: President, Jack Dattilio; vice president, Ruth Fieldhouse; secretary, Betty Wilkinson, and treasurer, Josephine Rance. C. W. Weidman and Miss Mona Amstutz are home room teachers for these pupils.

Seventh grade officers are: President, John Farrington; vice president, Kay Blackwood; secretary, Walter Rutzky, and treasurer, Richard McKenzie. Carl Wilson and Andrew Mruzik are the home room teachers.

High school pupils will elect representatives to the school student council on Oct. 13.

## To Publish Tatler

The Tatler, Leetonia High school students' monthly publication, will be published again this year. Reporters are being selected this week.

Members of the Shorthand II class will prepare each edition, according to Mrs. Roma Reese, commercial subjects instructor. They will type and mimeograph the copy.

## Deaths

## MRS. HARRY SHOOK

Funeral service for Mrs. Grace Hutchesson Shook, widow of Harry Shook of Pittsburgh, formerly of Salem, who died Sunday morning following a year's illness, was held in the Slater funeral home, Pittsburgh, Tuesday afternoon.

A daughter of William and Sarah Hutchesson, she was born in Salem and spent her early life here. She was a former member of the First Christian church.

Surviving are three sons, Charles at home; Frazier of Cuyahoga Falls and Norman of Pittsburgh; one brother, Herbert Hutchesson of Salem, and two sisters, Mrs. Mary Juergens of Salem and Mrs. Anna Chamberlain of Berea. Her husband died 17 years ago.

Those attending the funeral from here besides her sisters and brother were Mr. and Mrs. Richard Hutchesson, Mrs. Willis McArthur, Mrs. Nancy Tressler, Miss Erma Hutchesson, Mr. and Mrs. William Juergens, Carl Juergens and Mrs. Fred Hall.

## Youths Held In Robbery

EAST LIVERPOOL, Sept. 28—Two teen-agers were held Monday after they robbed Howard Faulk's Economy feed store here of \$128.27 and climaxed it with a spending spree.

Awaiting to be turned over to the Columbiana county juvenile authorities, the youths were found distributing the loot to girls. Police recovered \$111.22 of the stolen money.

## Browns Meet Old Rivals But Few Veterans Of '48 Are Playing With Dons

The Cleveland Browns will meet an old rival when they entertain the Los Angeles Dons here Sunday afternoon, but many of the faces they meet will be new to them. Coach Jimmy Phelan is bringing a squad here which will have 20 first-year men and possibly not more than nine veterans.

The Dons are loaded with new young talent, whose only lack seems to be that of experience. Heading the host of newcomers will be rookie halfback George Taliaferro from Indiana and Dick Wilkins, end from Oregon university.

Taliaferro has been sensational to date, eclipsing the performances of the great Glenn Dobbs. The "Wabash Cannonball" may soon take over the starting assignment which is evidence enough of the high esteem with which he is held. Tommy Harmon said that George was the best college tailback he had seen in years.

With Taliaferro will be another rookie, Dick Wilkins, who the Dons believe to be their answer to Speedie and Lavelli. Wilkins never played football until his last year at college—and what did he do?

## Wes Fesler Blames Self For Defense

Says Preparations For Missouri Are Wasted: Full Of Holes, Claim

COLUMBUS, Sept. 28—(AP)—The "leaky" defense displayed last Saturday by Ohio State's gridders in the Missouri game was his fault—not the team's—Coach Wes Fesler declares.

Fesler placed the blame on his own shoulders yesterday in his weekly huddle with sports writers. The Tigers' record of .34 points and 488 yards on the ground and in the air almost upset the Buckeyes in their 1949 opener. They salvaged the game by a one-point margin, 35-34.

Fesler told the sports writers: "After studying the movies we decided several things.

"First and foremost, Missouri was a gosh-darned good football team. Their quarterback, Klein, was a better passer than we had any reason to expect. Then, too, their fullback carried the ball—something he had never done in the eight years we played Missouri.

"We also found that we had asked our boys to do impossible things on defense. We were really full of holes."

The Buckeye coach said the long defensive preparations made for the Tigers, mostly based on last year's scouting reports, were just "two weeks wasted." He continued:

"Thank heavens we had an offense. Offensively we were very good. Our blocking was sharp. The time we spent in having all our backs pass was well spent. Jerry Kral (left halfback) is a threat now that he wasn't before. "It was a great game for our boys. It taught them a lot, and it certainly leveled off any who might have been too satisfied."

Freshman Coach Harry Strobel, who scouted Indiana as it was kicked around, 49 to 6, by Notre Dame, Saturday, seemed not to be impressed by Ohio State's foe next Saturday.

Sixteen of Ohio State's first-stringers were excused yesterday from a brief scrimmage in which the second-stringers tied the third and fourth squads, 6 to 6.

Rod Swinehart, Wooster, O., senior who will fill the gap caused by the injury Saturday to Jimmy Clark, stood out for the second stringers. So did sophomore Skip Doyle of Rochester, Pa.

That the Dons are out to beat the Browns is not news. Every team points for them—but this club has beaten them twice before—the only team that holds two decisions over the Browns. They feel they can do it again.

Joe Aguirre, end, and Dobbs' favorite target, is lost to the Dons, possibly for the remainder of the season because of a broken arm. The "old pro" may be used later for conversions if his arm knits rapidly.

With the exception of Aguirre, the Dons are in good physical condition and are working out in Hershey, Pennsylvania, this week.

The Browns have been given two days rest and will start working Wednesday morning. The game with Baltimore was a fast, hard and bruising affair, and Coach Brown felt an extra day would benefit the team.

In 1921-23, Gil Dobie produced three undefeated, untied football teams in a row for Cornell.

## TOUCH FOOTBALL LATEST NOVELTY ON SALEM CARD

Six-Team League Formed To Furnish Pastime For Salem Men

A touch football league, has been formed to satisfy the sports appetites of Salem athletes who do not play organized football and have some leisure time at their disposal now that the baseball season is near finality.

Known as the Touch Football league, the six-team organization was founded by William "Brock" Ingledue. Each team is allowed 10 men but the playing number is six.

Once the players are signed up, they are not allowed to transfer teams and can only be replaced when a player officially quits, is injured, or is ill.

The six teams entered in the league are the Northern Stars, Salem News, Colonial Billiards, Western Stars, Millvale Beavers and the Sons of Italy, a Leetonia sextet. The first game will be played this Sunday.

Games will be played every Sunday at the Junior High practice field behind Hope cemetery. The two teams with the highest number of wins will compete in a playoff for a cash award, which is collected from an entry fee from all aggregations.

The schedule for this Sunday afternoon follows:

1:00—Northern Stars vs. Salem News.  
2:30—Colonial Billiards vs. Sons of Italy.  
4:00—Western Stars vs. Millvale Beavers.

## IT WOULD BE GOOD BUSINESS TO ALLOW KINER TO HIT 61

By LAWTON CARVER

NEW YORK, Sept. 28—(INS)—To be downright realistic about it, the National league's pitchers should pitch to Ralph Kiner of the Pittsburgh Pirates so that he can break all the home run records, including Babe Ruth's. That would be good business.

The National league has suffered through all these years as an inferior slugging circuit—which it has been—and could offset much of that simply by coming up with an all-time home run record-breaker.

I do not agitate for making it easy for Kiner. All I say is that President Ford C. Frick of the National league and all the National league club-owners would be very happy if one of their own should topple that old American league standard.

Of course, that won't make Kiner half the attraction the Babe was. If Kiner hit a hundred homers in the National league or any other league he still would be just another ball player. He has no color and he has very little interest in the game of baseball, except for hitting.

As a matter of fact, there is a sharp contrast between Ruth and Kiner as ball players.

The Babe was a great competitor at bat or in the field and a colorful figure.

Kiner slouches around as though nothing mattered. He fields indifferently, causes none of that spark of enthusiasm to run through the spectators and finally hits more than 50 home runs with less fanfare than somebody else hitting 40.

Ball players may be roughly divided into three classes. There are those who are great fielders and great hitters. There are the ones who can hit so well or field so well that their other shortcomings are overlooked. Then there are the ones who can field and hit adequately.

Kiner belongs in the second category—such a good hitter that his fielding must be overlooked.

The only losing football season Notre Dame has had since 1888 was 1933, when the Irish won three, lost five and tied one.

Bernie Bierman and Chris Cagle are former Mississippi State head coaches of football.

Under Frank Leahy, who coached from 1941-43 and since 1946, Notre Dame had won 50 football games, lost three and tied five up to this season.

## Docile Sixth Placers Fired Up, Whip Leaders In Blaze Of Revenge

By RALPH RODEN  
Associated Press Sports Writer

The St. Louis Cardinals' violation of the unwritten baseball rule "let sleeping dogs lie" may cost them the National league pennant.

Pittsburgh's Pirates, a docile sixth place club when Ralph Kiner isn't on the prowl, act like a pack of roaring lions when they clash with the swifties from St. Louis—chiefly because of an early-season feud.

Pittsburgh chopped the Cards' advantage over Brooklyn to one game last night, scoring a 6-4 triumph over their despised rivals before 27,283 fans under the lights at Forbes field. The Dodgers were idle.

While the Pirates jolted the Cards, the Boston Red Sox downed their "cousins," the Washington Senators, 6-4, to protect their one game American lead over the New York Yankees. The Yanks defeated the Philadelphia Athletics, 3-1 in the afternoon.

The Pirates' long war with the Cards began early in the season when Ken Johnson, wild young Cardinal lefthander, beamed Shortstop Stan Rokjok. The Pirates charged the Card Catcher Joe Garagiola had deliberately called for the bean ball. Garagiola and Card Manager Eddie Dyer denied the accusation but the Pirates were firm in their conviction.

The vendetta flamed anew in the Pirates' last visit to St. Louis. Enos Slaughter of the Cards spiked Pirate Second Baseman Danny Murtaugh and the Pirates vowed to take care of the Red Birds when they came to Pittsburgh.

This they did in no uncertain manner. The Pirates belted Red Mungler, righthanded ace of the Cards, for five runs in the second inning to clinch the game last night.

## TRIBE TO GIVE ROOKIES CHANCE IN LAST GAMES

Nielsen Replaces Doby. Dick Rozek to Pitch; Paige Is Ill

CHICAGO, Sept. 28—(AP)—The Cleveland Indians, with nothing better than a slim chance to grab third place from Detroit, decided to give their rookies a chance.

In yesterday's 3 to 2 victory over the White Sox the Tribe started 24-year-old Milt Nielsen in Larry Doby's center field position. In today's contest, they will use a 22-year-old southpaw pitcher, Dick Rozek.

Cleveland scored the tying run last night in the eighth inning and in the ninth Manager Lou Boudreau drove in Joe Gordon with the winning marker.

The win cut the Indians' third-place deficit to two full games.

The Tribe's final games will be without the ageless Negro hurler, Leroy "Satchel" Paige, who has a season's record of four wins and seven defeats, returned to his Kansas City home Monday to rest. He had a gall bladder disorder.

Boudreau squashed any idea Nielsen may take over Doby's job in center field.

"Larry needs a rest more than anything else," Lou explained, "he'll be back in there when we need him."

Nielsen is a stocky, blond lad from Windom, Minn. He has played outfield with Oklahoma City in the Class A Texas league for the past three years. This year he posted a .430 batting average there.

Rozek, from Cedar Rapids, Ia., will be making his first major league start. He tossed a seven-inning no-hitter for Oklahoma City this season in winning eight and losing seven for that fourth-place club.

His opponent will be Jack Bruner, a University of Iowa graduate who the White Sox recently recalled from their Waterloo, Ia., farm.

—The Hilltoppers, reeling from that pasting by Wisconsin, will get another hefty sock.

## Scarborough Important Pennant Man

By ARTHUR EDSON

WASHINGTON, Sept. 28—One year ago today, Ray Scarborough, a pitcher employed by the lowly Washington Senators went out and beat the high and mighty Boston Red Sox, 4-2.

It was a blow from which the Red Sox never recovered.

For as it turned out, Scarborough's victory threw them into a tie with Cleveland. And Cleveland won the playoff game, and the right to represent the American league in the World Series.

Tonight, a year later to the day, the same stage will be set again. Here is Scarborough, still toiling manfully for a Washington team which is a mere 47 games out of first place.

And here are the Red Sox, winners of 11 in a row, a game ahead of the New York Yankees in the tight pennant race, and eager and ready for the kill.

Probably it's too much to ask Scarborough, who doesn't have the likes of Ted Williams and Vern Stephens batting on his side, to halt the Red Soxers again.

But he's managed to show 12 victories and 11 defeats for a team which loses two games for every one it wins.

And, furthermore, he's been effective at getting his licks when they hurt.

Take the Yankees. On Sept. 10, he threw a seven-hitter at them and won, 4-3.

Or the Cleveland Indians. On Sept. 16 they still had hopes, but Scarborough helped to dampen them with a five-hit, 5-4 victory.

Said Scarborough after his triumph over the Red Sox last year: "It's a real thrill to figure in a pennant battle."

Well, either way it goes, he'll figure again.

Manager Joe McCarthy will try it 12 straight by pitching Chuck Stobbs. His record—11 victories, 5 defeats—is the third best on the Boston club.

## "Assignment America"

By INEZ ROBB  
WIESBADEN, Sept. 28—(INS)—And now, as I say farewell to Germany, any high class analysis of the German situation must include the information that Miss Connie Bennett, formerly of stage, screen and radio, has reduced every other Army and Air Force wife in these parts to an envious and quivering pulp. The indomitable Connie, whom age cannot wither or custom stale, is now stationed here with her husband, Col. Theron Coulter, and her three children by former marriages.

What has other Air Force wives in a tizzy is the undeniable fact that the fascinating Connie has somehow obtained an identification card that flaunts her age at 36. "Well, really!" snorted one lady whom I shall have the delicacy not to name I could have lied, too, if only I had thought of it. No roundup of the German situation is complete without observation that the more the Germans change, the more they are the same. The men are still divided into two tonsorial groups, a few who still shave their heads

and a vast majority who wear their hair long enough to braid. THOSE WITH the long hair are invariably devoted to short pants, the famous tyrolean short shorts of suede and leather. As long as we are trying to indoctrinate the German with democracy, I would like to go a step further and coax him—with a ball bat if necessary—into long pants and short hair. As for the German women, no matter what else she lost in the blitz, she somehow managed to save those patterns by which she had cut her clothes in the long, long ago. I went to the opera in Wiesbaden last night. I was pretty well surrounded by German do-waggers whom I took to be of the upper middle class. Their

and a vast majority who wear their hair long enough to braid. THOSE WITH the long hair are invariably devoted to short pants, the famous tyrolean short shorts of suede and leather. As long as we are trying to indoctrinate the German with democracy, I would like to go a step further and coax him—with a ball bat if necessary—into long pants and short hair. As for the German women, no matter what else she lost in the blitz, she somehow managed to save those patterns by which she had cut her clothes in the long, long ago. I went to the opera in Wiesbaden last night. I was pretty well surrounded by German do-waggers whom I took to be of the upper middle class. Their dresses were all of new material, but they were cut in the style worn by the late Kaiserine when I was cutting my eyeteeth on the rotogravure sections of the Sunday papers. By the way, the first building Wiesbaden rebuilt was its badly blitzed opera house. Today, it is a white, gold and crimson gem, and last night's "Don Giovanni" was beautifully staged and well sung. I drove from Farnkfurt-Am-Main to Wiesbaden yesterday evening and the traffic was as heavy as that on any Westchester county parkway at eventide. Nor was it all military traffic, by any means. The number of Germans who have cars and can afford to run them is amazing to me. At least, the number who can afford to run them in the American zone of Germany is substantial. One of the unforgettable experiences in Germany today is to leave the teeming activity of the Wiesbaden-Frankfurt area and fly up the Russian corridor to Berlin.

### SEN. TAFT SAYS AIR FORCE GAIN IS IMPERATIVE

WEST UNION, Sept. 28—(AP)—U. S. Senator Robert A. Taft met the voters in two more Ohio river counties Tuesday on his 100 day tour of the Buckeye state. Campaigning for re-election, the Cincinnati Republican arrived here this morning for a noon luncheon with GOP committees at the Legion hall. He had other meetings scheduled for this afternoon before departing for Portsmouth and a Junior Chamber of Commerce dinner. At Georgetown last night, Sen. Taft reiterated his stand against the arms aid bill passed last week by the senate. Earlier, he had told a veterans' group at Batavia that it now "is up to us to build the greatest Air Force in the world." The need for the Air Force stems from disclosures that Russia has perfected an atomic bomb, he asserted. Of the arms for western Europe, he declared: "The more than a billion dollars we are spending in that respect could far better be put to building up our own Air Force and our own defense." At Ripley yesterday, Sen. Taft gave his stand on foreign policy. He traced the present cold war to the Yalta and Potsdam agreements. Referring to Russia and the atomic bomb, Taft told a gathering of party workers he did not believe the Soviet Union was "militarily inclined."

## STEEL CABINETS

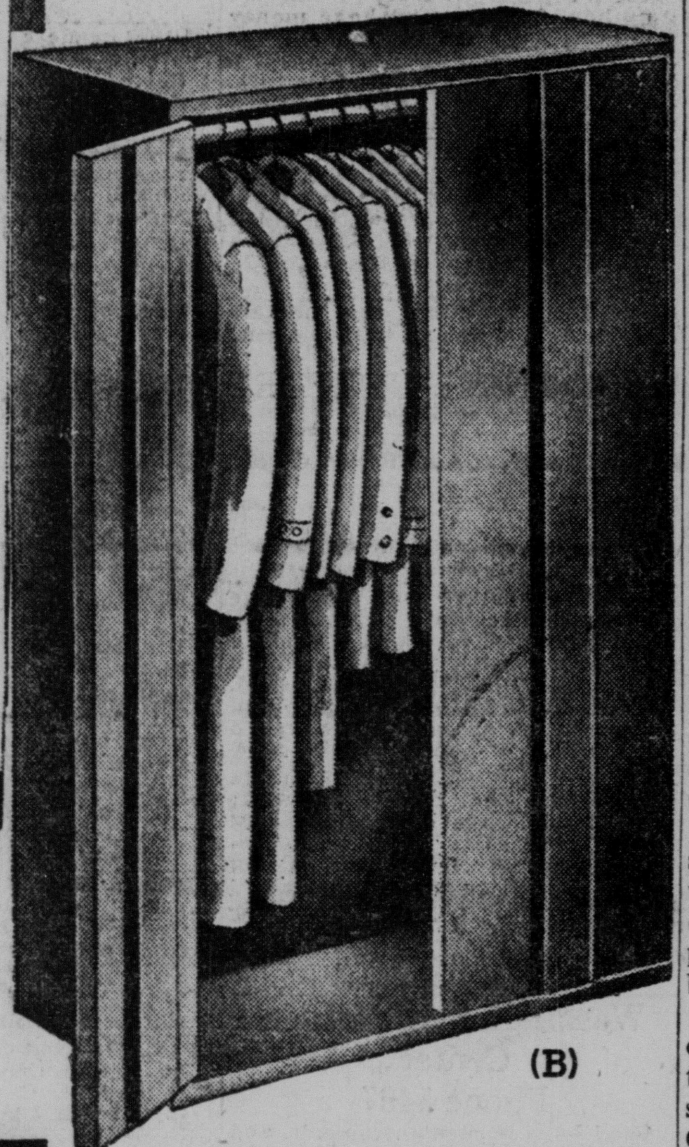

All Steel Cabinets for every need . . . designed for beauty, economy and efficiency . . . only a special purchase makes this sale possible!

### SEEK PLANE DOWN NEAR BIG VOLCANO

MEXICO CITY, Sept. 28—(AP)—Rescue squads edged their way up the slopes of Popocatepetl volcano today in search of a Mexican airlines plane missing with 24 persons aboard since yesterday afternoon. Mexican Senator Ramos Millan, chairman of the national corn commission, was reported aboard the Mexicana De Aviacion plane. Moises Bautista, a shepherd, said he saw a plane fall into the snow on the slope of the volcano yesterday afternoon. Airport officials said it must have been the missing plane. The plane, bound from Tapachula on the Guatemala border to Mexico City, carried 21 passengers—Eugenia Goldsmith and George Graham—may be Americans but no record of their addresses was available.

### Snake Proves Tough

CHICKASHA, Okla.—A snake crawled into an electric plant transformer here and caused a 66,000-volt flash which did \$500 damage. The big porcelain insulator melted like butter but the snake was still alive when it dropped to the ground. Plant employees had to kill it.
